#### II.1.1) Title

<https://wmca.bravosolution.co.uk/web/login.html>

#### II.1.2) Main CPV code

- 63712000 - Support services for road transport

#### II.1.3) Type of contract

Services

#### II.1.4) Short description

This Invitation to Tender ("ITT") has been produced to enable WMCA to evaluate the solutions and services offered by bidders and identify the bidder(s) which best meet its needs.

TfWM will introduce hubs on the transport network (including rail and bus stations), local centres, and within residential developments. At these locations, hubs will:

- Introduce a physical platform for the introduction of sustainable travel options.
- Co-locate sustainable travel options to provide users with an integrated experience.
- Provide wider community services to help people to live locally.

TfWM are seeking a partner (Supplier) to design, supply, install, deliver the required infrastructure. The Supplier will work collaboratively with TfWM and the constituent authorities of the West Midlands Combined Authority (WMCA). Together, we will use our prototype design and the core requirements set out in this specification to develop a cost-effective, street-ready, high-quality, and user-centred mobility hub product for the region.
