II.2.4) Description of the procurement

Newcastle International Airport is the North East's largest airport located about 6 miles northwest of Newcastle City Centre. The Airport consists of a single tarmac runway facilitating commercial, private and cargo flights on a daily basis.

As part of the asset maintenance programme NIAL has commenced the renewal of its main asset, the single tarmac runway with the programme being split into three projects:

1. AGL Design
2. AGL Equipment Procurement
3. Runway Rehabilitation Works

The AGL Design work has been completed and a procurement process is currently in the final stages to appoint a Supplier to deliver the AGL Equipment.

This pre-procurement engagement is for the final project, the Runway Rehabilitation Works. The Runway Rehabilitation Works consist of a localised keel inlay and full resurface,

including all taxiways to CAT 2/3 holds.

The procedure will follow the restricted procedure concluding with the appointment of a single contractor to deliver the Runway Rehabilitation Works.

A pre-procurement engagement event will take place on 25th October 2023, in which NIAL will provide an overview of the forthcoming procurement process and seek feedback from interested parties. To register for the pre-procurement engagement event please e-mail NIALAGLProcurement@aecom.com

Key dates for the procurement are noted for information below, however it should be noted they may be subject to change;

1. PQQ Commencement: 30th October 2023
2. ITT Release (to shortlisted tenderers): January 2024
3. Anticipated Contract Award: April 2024

II.3) Estimated date of publication of contract notice
