UKM - Scotland

Internet address(es)

Main address

<http://www.scotland.gov.uk>

Buyer's address

https://www.publiccontractsscotland.gov.uk/search/Search_AuthProfile.aspx?ID=AA10482

I.2) Information about joint procurement

The contract is awarded by a central purchasing body

I.4) Type of the contracting authority

Ministry or any other national or federal authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Gigabit Infrastructure Subsidy scheme Lot 4 (Scotland): Fife Perth and Kinross

Reference number

Project_27605

II.1.2) Main CPV code

- 64200000 - Telecommunications services

II.1.3) Type of contract

Services

II.1.4) Short description

Deployment of infrastructure that will facilitate access to gigabit capable internet connections to premises which are not expected to be otherwise covered by suppliers' commercial plans.

This procurement is for the award of a Regional Supplier Contract in Fife, Perth and Kinross. This is part of the Gigabit Infrastructure Subsidy scheme.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 32412100 - Telecommunications network
- 32425000 - Network operating system
- 32412000 - Communications network
- 32562300 - Optical-fibre cables for data transmission
- 32570000 - Communications equipment
- 45231600 - Construction work for communication lines
- 45232300 - Construction and ancillary works for telephone and communication lines
- 64227000 - Integrated telecommunications services
- 45232332 - Ancillary works for telecommunications
- 50330000 - Maintenance services of telecommunications equipment
- 32510000 - Wireless telecommunications system
- 50332000 - Telecommunications-infrastructure maintenance services
- 50334400 - Communications system maintenance services
- 64210000 - Telephone and data transmission services
- 32000000 - Radio, television, communication, telecommunication and related equipment
- 32572000 - Communications cable

- 32420000 - Network equipment
- 32424000 - Network infrastructure
- 45314000 - Installation of telecommunications equipment
- 45314310 - Installation of cable laying
- 32571000 - Communications infrastructure
- 32412110 - Internet network
- 32572200 - Communications cable with coaxial conductors
- 32562100 - Optical-fibre cables for information transmission
- 45314300 - Installation of cable infrastructure

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

II.2.4) Description of the procurement

The Gigabit Infrastructure Subsidy scheme forms part of Project Gigabit. Project Gigabit is a UK Government funded programme aimed at supporting the build of gigabit-capable broadband infrastructure in areas of the UK which are unlikely to attract commercial investment within a reasonable timeframe, if at all (referred to as the final 20% (f20)).

Building Digital UK (BDUK) is an executive agency of the Department of Science, Innovation and Technology. BDUK is targeting market interventions in f20 areas of the UK through the award of subsidised contracts to support the build of gigabit-capable networks providing long-term, sustainable wholesale gigabit broadband infrastructure in the hardest to reach parts of the UK.

As part of Project Gigabit, the Scottish Government is working with BDUK to deliver contracts to suppliers delivering gigabit-capable wholesale infrastructure in Scotland. This procurement approach is a successor to the Digital Scotland Superfast Broadband programme and will work in parallel with the Scottish Government's current Reaching 100% (R100) programme.

The Regional Supplier Contracts are intended to be for larger numbers of premises than those covered under contracts placed under the Gigabit Infrastructure Subsidy Dynamic Purchasing System. This procurement is for the award of a Regional Supplier Contract in the geographic area of Fife, Perth and Kinross. It concerns the delivery of a gigabit-

capable network for an estimated total number of 28,441 premises.

The contract will remain in force for approximately 11 years comprising a build period of approximately 4 years, followed by an operational period of at least seven years. It is the intention that the build period will be completed by the end of 2029.

The provision of subsidy will be provided in accordance with the UK subsidy control regime.

The Invitation to Tender documentation is provided as part of the procurement documents during the first stage of this two stage Restricted Procedure process for information purposes, but bidders do not need to respond to the Invitation to Tender documentation as part of their Single Procurement Document (SPD) submissions. Bidders that qualify to participate in the second stage of the process following Scottish Government's assessment of their SPD submissions will be notified by Scottish Government and will be invited to submit a tender in accordance with the Invitation to Tender documentation.

II.2.5) Award criteria

Quality criterion - Name: Technical / Weighting: 65

Price - Weighting: 35

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Restricted procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2025/S 000-002737](#)

Section V. Award of contract

Contract No

Project_27605

A contract/lot is awarded: No

V.1) Information on non-award

The contract/lot is not awarded

Other reasons (discontinuation of procedure)

Section VI. Complementary information

VI.3) Additional information

The successful Supplier will be required to comply with the Regional Supplier Contract as published as part of the procurement documents. The Regional Supplier Contract includes, without limitation, commitments by the Supplier in relation to prompt payment of its supply chain and compliance with applicable health and safety laws, regulations and guidance (including relating to street works and road works).

As a condition of being invited to tender for this Regional Supplier Contract, the Supplier must confirm that it agrees to follow the Access to Infrastructure Code (which is set out in the document named "PGiS - Lot 4 (Scotland) - SPD - Access to Infrastructure Code v1.0" that has been published as part of the procurement documents. Under the Access to Infrastructure Code the Supplier must offer information and access to other Suppliers to any new and existing infrastructure (of the type and within the parameters described in Paragraph 7 of Regional Supplier Contract Schedule 4 (Specification)) that it operates in an area covered by this procurement, if the other Supplier is also bidding for this procurement. If the Supplier does not operate any such infrastructure in an area covered by this procurement, it needs to provide a declaration to this effect as a condition of being invited to tender for this Regional Supplier Contract.

Suppliers interested in this Regional Supplier Contract should submit a completed Single Procurement Document in order to be considered to be invited to tender. The Scottish Government is not limiting the number of suppliers who qualify from the qualification stage. The selection criteria are set out in the procurement documents and are available at the address described in this Additional Information section.

The Scottish Government reserves the right not to award a Regional Supplier Contract under this procurement, to cancel the procurement process at any time and to change the procurement process (including any requirement or deadline).

The Scottish Government reserves the right not to proceed with, to cancel or to adjust the Deferred Scope as referred to in II.2.4 above, in particular as a result of the authorisation process provided for in the contract.

The Scottish Government shall not be responsible for any costs, charges or expenses incurred by Suppliers and accepts no liability for any costs, charges or expenses in relation to the process to award the Regional Supplier Contract, including if the procurement process is cancelled, amended or delayed.

In accordance with the applicable subsidy control rules, the Scottish Government is following a procurement procedure in accordance with the Public Contracts (Scotland)

Regulations 2015 to award this Regional Supplier Contract. The Scottish Government considers that this contract is, however, exempt from the Public Contracts (Scotland) Regulations 2015 by virtue of Regulation 9.

(SC Ref:800766)

VI.4) Procedures for review

VI.4.1) Review body
