LHC Procurement Group is seeking suitable organisations for our Modular Buildings framework. This new framework will replace LHC's successful Modular Buildings Framework (MB2) Framework which expires May 2025 and will be for the provision of Modular Buildings for the public sector for use by:

- Education
- Healthcare
- Emergency Services
- Offices
- Community related buildings including sport facilities, theatres, & other types of community buildings
- Residential projects where they are part of a mixed use development or for student accommodation for schools and universities

The framework will cover the design, supply, installation and hire of permanent, temporary, and refurbished modular buildings for the public sector and tenderers will be required to offer a full turn key solution, providing all services required to deliver a full project from design through to handover.

The workstreams included in this framework are as follows, please access the tender documentation area of the project to see full details and lots:

Workstream 1 – Permanent Modular Buildings

Workstream 2 – Healthcare Buildings

Workstream 3 – Hire of Temporary Buildings

Workstream 4 – Refurbished Buildings

Whilst this is a national framework, each lot is broken down into a number of regional areas allowing bidders to apply for this framework in the regional areas most suited to them.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Bidders will be required to demonstrate they have the appropriate competencies and hold specific qualifications and/or accreditations as appropriate for the scope of services expected to be delivered through each workstream.

Please refer to the MB3 ITT for further information regarding associated requirements.

III.1.2) Economic and financial standing

List and brief description of selection criteria

For the financial stability assessment, LHCs' financial team will undertake the following process to carry out a robust assessment of a Bidders' financial standing:

- 1) Credit score – LHC use Creditsafe to carry out initial checking of a Bidders' financial status and help inform the subsequent assessments carried out by LHC. Should any financial risk or low score be flagged within the Creditsafe information, LHC may also review independent reports from other credit referencing agencies such as Equifax, Dunn & Bradstreet and Baker Tilly to help inform our assessment.
- 2) Annual Turnover - Bidders will be assessed based on their average annual turnover for the past 3 years by comparison to the minimum turnover requirements set out in the contract notice and/or tender document documents for the lot/s they have applied for.
- 3) Profitability, Stability and Liquidity Assessment – Bidders will be assessed on their financial stability based on a range of financial information obtained from the Bidders annual accounts.

III.1.3) Technical and professional ability

List and brief description of selection criteria

General Technical Questions – These are general quality questions that LHCPG consider to be equally applicable to all workstreams. Irrespective of the number of lots the Bidder is applying for they will only need to complete this once, and the scores provided by LHC following our assessment will be applied consistently for all lots the Bidder applies for. A Bidder response template for these questions is provided.

Workstream Specific Technical Questions - The template/s required to be completed are dependent on the lots the bidder is applying for. A Bidder response template for these questions is provided.

Minimum level(s) of standards required:

There will be a total of four general questions and three technical specific workstream questions. Each question will be scored from 0 - 5, with the scoring matrix available in the published ITT.

LHC reserves the right to reject submissions that do not achieve at least 50% of the maximum possible weighted score for the technical questions.

If the bidder should score a 0 (zero) on any of the scored elements of the quality criteria, they shall be deemed not to have achieved a minimum acceptable quality standard.

VI.3) Additional information

LHC Procurement Group Limited is a not for profit central purchasing body acting on behalf of contracting authorities throughout England, Wales and Scotland (including partners of the Scottish Procurement Alliance, Welsh Procurement Alliance, and South West Procurement Alliance) for whom we continue to monitor up to 500 live projects at any one time. Thanks to their ongoing and collective feedback and input into the development of this framework and given the reach and scale of their collective portfolios, the framework is both designed and anticipated to support the vast majority of requirements. Consequently, other contracting authorities that were not specifically consulted in the development of this framework may nevertheless also deem the framework to offer a value for money procurement solution for their own requirements and may also use the framework. As of the date of publication of this notice our frameworks may be used by all contracting authorities in England, Wales and Scotland as defined by the Public Contracts Regulations 2015 as listed on:

<https://www.cpconstruction.org.uk/who-we-work-with/>

including, but not limited to Registered social landlords (RSL's), tenant management organisations (TMOs) and arm's length management organisations (ALMOs), local authorities and any subsidiaries and joint-venture vehicles of those local authorities, health authorities, councils, boards and trusts, publicly funded schools, universities and further education establishments, colleges, police forces, fire and rescue services or registered charities.

LHC clients may add community benefit requirements in their call-off contracts from this Framework including but not limited to:

- to generate employment and training opportunities for priority groups;
- vocational training;
- to up-skill the existing workforce;
- equality and diversity initiatives;
- to make sub-contracting opportunities available to SMEs, the third sector and supported businesses;
- supply-chain development activity;
- to build capacity in community organisations;
- educational support initiatives.

A sub-contract clause has been included in this contract. For more information see:

<http://www.publiccontractsscotland.gov.uk/info/InfoCentre.aspx?ID=2363>

The Contracting Authority does not intend to include any community benefit requirements in this contract for the following reason:

This framework is designed to focus on the supply of roofing materials from national companies, with little impact on regional community benefit.
