Supplies

II.1.4) Short description

The University of Dundee (UoD) has a requirement to procure a Digital Asset Management Platform (DAM) including off-premise (cloud) storage, categorization, tagging, sort, filter, usage tracking and retrieval in a range of formats. The University will also require additional and optional professional services and support such as assistance with transfer of existing content from old to new systems. User types will include Students, Academics, Professional Services and other staff. The provision will be for a maximum period of ten years from commencement including optional term extensions beyond the Initial Contract Term of 36 months.

Further details surrounding the requirement can be found in the annexes to this Invitation to Tender document.
