Contract

## **CEFAS21-82 MALDI-TOF (Mass Spectrometer)**

Defra Network eTendering Portal

F03: Contract award notice

Notice identifier: 2021/S 000-030161

Procurement identifier (OCID): ocds-h6vhtk-02e98e

Published 3 December 2021, 10:45pm

## **Section I: Contracting authority**

## I.1) Name and addresses

Defra Network eTendering Portal

Pakefield Road

Lowestoft

**NR33 0HT** 

**Email** 

procure@cefas.co.uk

**Telephone** 

+44 1502527766

Country

**United Kingdom** 

**NUTS** code

**UK - United Kingdom** 

### Internet address(es)

Main address

www.cefas.co.uk

## I.4) Type of the contracting authority

Ministry or any other national or federal authority

### I.5) Main activity

Environment

## **Section II: Object**

## II.1) Scope of the procurement

II.1.1) Title

CEFAS21-82 MALDI-TOF (Mass Spectrometer)

#### II.1.2) Main CPV code

• 38433100 - Mass spectrometer

### II.1.3) Type of contract

**Supplies** 

#### II.1.4) Short description

Cefas require a MALDI-TOFF benchtop bio-analyser and spectra libraries to rapidly detect bacteria, yeasts, and moulds, with an additional library to detect pathogens that require addition containment or security. The system must have the ability to curate libraries for niche pathogens that are critical for animal, human and environmental health. It would be attractive if these curated libraries could be shared with other collaborative partners (e.g., Animal and Plant Health Agency). These should be able to be shared via Excel or other easily compatible programme.

The instrument must have the option of positive or negative ion mode and features that enable novel future applications, such as AMR (Antimicrobial Resistance), lipid

characterisation and new matrices (algae, hymolymph). A cleaning mode for the ion source must be integrated into the device. The technology must allow high mass spectrometric resolution across a wide mass range that is tailored to microorganism identification (bacteria, fungi, yeasts and moulds.

Installation and at least two days training must be provided by the Tenderer and included in the quotation. Pricing for a full-service agreement covering the lifetime of the instrument must also be included (10 years or 50 Million shots of the laser).

### II.1.6) Information about lots

This contract is divided into lots: No

### II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £164,000

### II.2) Description

### II.2.3) Place of performance

**NUTS** codes

• UKK - South West (England)

### II.2.4) Description of the procurement

Mass Spectrometer

#### II.2.5) Award criteria

Price

### II.2.11) Information about options

Options: No

## II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

## Section IV. Procedure

## **IV.1) Description**

### IV.1.1) Type of procedure

Open procedure

## IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

## IV.2) Administrative information

## IV.2.1) Previous publication concerning this procedure

Notice number: <u>2021/S 000-025120</u>

## Section V. Award of contract

A contract/lot is awarded: Yes

## V.2) Award of contract

### V.2.1) Date of conclusion of the contract

3 December 2021

### V.2.2) Information about tenders

Number of tenders received: 2

The contract has been awarded to a group of economic operators: No

## V.2.3) Name and address of the contractor

Bruker UK

Coventry

Country

**United Kingdom** 

**NUTS** code

• UKG33 - Coventry

The contractor is an SME

No

### V.2.4) Information on value of contract/lot (excluding VAT)

Total value of the contract/lot: £164,000

# Section VI. Complementary information

## VI.4) Procedures for review

VI.4.1) Review body

The High Court

London

Country

United Kingdom
