## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Provision of Ground Investigation Survey for Little Hulton Solar Farm

Reference number

DN639187

#### **II.1.2) Main CPV code**

- 45000000 - Construction work

#### **II.1.3) Type of contract**

Works

#### **II.1.4) Short description**

The survey will inform the project to construct a 3MW solar farm in Little Hulton. The project is part of the Unlocking Clean Energy Greater Manchester (UCEGM) Programme and is receiving funding from the England European Regional Development Fund (ERDF) as part of the European Structural and Investment Funds Growth Programme 2014-2020. The Department for Levelling Up, Housing and Communities is the Managing Authority for European Regional Development Fund. Established by the European Union, the European Regional Development Fund helps local areas stimulate their economic development by investing in projects which will support innovation, businesses, create jobs and local community regenerations. For more information visit <https://www.gov.uk/european-growth-funding>.

The contractor is to undertake a Phase II interpretative ground assessment for the site at Kenyon Way, Little Hulton, Salford. The Phase II report is to assess the ground based geotechnical and environmental risks, constraints and liabilities associated with the proposed development of the site which is to be redeveloped as a ground mounted solar photovoltaic (PV) facility. The Phase II report is required to support contaminated land planning conditions, allow the design of economic foundation solutions and determine whether the local ground is suitable for the installation of the ground mounted solar

photovoltaic (PV) facility.

The site is approximately 3.4 ha in size. The proposed solar PV facility development will include equipment that will be generally low lying (approx. height 2.4m) and capable of screening from surrounding vantage points. There will be a galvanised security fence of approx. 2.4m height around the site and there will be a proposed substation situated to the north west of the site. HV cables and other associated equipment cables will run beneath the site. Refer to Phase 1 Geotechnical and Geo-Environmental Desk Study Report prepared by AECOM Limited for further information (report revision 0 dated 28 February 2020).

### **II.1.6) Information about lots**

This contract is divided into lots: No

## **II.2) Description**

### **II.2.2) Additional CPV code(s)**

- 45000000 - Construction work

### **II.2.3) Place of performance**

NUTS codes

- UKD3 - Greater Manchester

### **II.2.4) Description of the procurement**

This ground investigation is ERDF funded advertised on The Chest as an open tender at [www.the-chest.org.uk](http://www.the-chest.org.uk). Closing time for bids is Monday 25th November at 2pm.

### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

### **II.2.6) Estimated value**

Value excluding VAT: £35,000

### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

Duration in days

90

This contract is subject to renewal

No

### **II.2.10) Information about variants**

Variants will be accepted: No

### **II.2.11) Information about options**

Options: No

### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: Yes

Identification of the project

Unlocking Clean Energy Greater Manchester

### **II.2.14) Additional information**

The survey will inform the project to construct a 3MW solar farm in Little Hulton. The project is part of the Unlocking Clean Energy Greater Manchester (UCEGM) Programme and is receiving funding from the England European Regional Development Fund (ERDF) as part of the European Structural and Investment Funds Growth Programme 2014-2020. The Department for Levelling Up, Housing and Communities is the Managing Authority for European Regional Development Fund. Established by the European Union, the European Regional Development Fund helps local areas stimulate their economic development by investing in projects which will support innovation, businesses, create jobs and local community regenerations.
