General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

SC22272 Arboricultural Works Term Contract

Reference number

DN669286

II.1.2) Main CPV code

- 77000000 - Agricultural, forestry, horticultural, aquacultural and apicultural services

II.1.3) Type of contract

Services

II.1.4) Short description

The arboriculture programmed works contract is required to ensure that KCC complies with its Duty of Care' under the Highway Act 1980 and fulfils its obligations in Common Law as a land and tree owner.

The requirement is for the provision of highway tree works resulting from the Highway Soft Landscape Teams Tree Safety Audits.

The successful Contractor(s) will be required to facilitate both Tree Maintenance and Tree Planting for their awarded lot. A non-exclusive description of the works is provided below, but may cover other arboriculture works as required.

Tree maintenance: The service will provide for the removal of potentially hazardous trees and branches on both public and private property. The service will also facilitate removal of tree stumps and replacement tree planting. The service is provided primarily through programmed maintenance work with flexibility for additional ad-hoc provision. This service will include an additional provision for emergency tree clearance to supplement the primary 'Emergency Tree Works Contract' should extra resource be required during a declared emergency event.

Tree planting: The service will include tree planting within the highway environment. Tree planting will include provision for required regulatory replacement tree planting, and scheme/grant led planting including associated aftercare and young tree maintenance to ensure successful establishment. Tree size for highway planting is, typically, 'heavy standard' nursery stock ranging from 12-16cm girth and planting sites are a combination of both hard and soft surface environments.

This service will facilitate programmed and ad hoc tree maintenance works over a maximum eight-year period both on, and adjacent to the highway network, across the whole of the county.

II.1.6) Information about lots

This contract is divided into lots: Yes

II.1.7) Total value of the procurement (excluding VAT)

Lowest offer: £9,848,512 / Highest offer: £14,403,806.29 taken into consideration

II.2) Description

II.2.4) Description of the procurement

The arboriculture programmed works contract is required to ensure that KCC complies with its Duty of Care' under the Highway Act 1980 and fulfils its obligations in Common Law as a land and tree owner.

The requirement is for the provision of highway tree works resulting from the Highway Soft Landscape Teams Tree Safety Audits.

The successful Contractor(s) will be required to facilitate both Tree Maintenance and Tree Planting for their awarded lot. A non-exclusive description of the works is provided below, but may cover other arboriculture works as required.

Tree maintenance: The service will provide for the removal of potentially hazardous trees and branches on both public and private property. The service will also facilitate removal of tree stumps and replacement tree planting. The service is provided primarily through programmed maintenance work with flexibility for additional ad-hoc provision. This service will include an additional provision for emergency tree clearance to supplement the primary 'Emergency Tree Works Contract' should extra resource be required during a declared emergency event.

Tree planting: The service will include tree planting within the highway environment. Tree planting will include provision for required regulatory replacement tree planting, and scheme/grant led planting including associated aftercare and young tree maintenance to ensure successful establishment. Tree size for highway planting is, typically, 'heavy standard' nursery stock ranging from 12-16cm girth and planting sites are a combination of both hard and soft surface environments.

This service will facilitate programmed and ad hoc tree maintenance works over a maximum eight-year period both on, and adjacent to the highway network, across the whole of the county.

The contract used will be NEC4 Term Service which incorporates a schedule of rates.

The total contract term is 96 months (8 years); which is made up of an initial term of 60

months (5 years) and an optional extension period of up to 36 months (3 years).

The Award Value is £9,848,512.00 (Lot 1 - £5,557,256.00 & Lot 2 - £4,291,256.00); however, the value has been expressed as a range due to the following considerations: Inflationary Changes, Compensation Events, Services levels and Budgetary Changes.

The Award Criteria was based on the most economically advantageous tender (MEAT). Successful tenderers were required to meet a minimum quality threshold.
