II.1.4) Short description

The UK Shared Prosperity Fund (UKSPF) is the UK Governments replacement for European Structural Investment Fund (ESiF) that included both the European Social Fund (ESF) and the European Regional Development Fund (ERDF), and is managed by the Department for Levelling Up, Housing and Communities (DLUHC).

In order to continue countywide business support and to benefit from economies of scale, the councils of Eastbourne, Lewes, Rother, and Wealden worked with East Sussex County Council on a joint proposal which was added to each of their UKSPF Investment Plans. As part of this proposal East Sussex County Council agreed to provide additional funding as match and to provide staff time to procure and manage the programmes.

II.2.4) Description of the procurement

The 'Specialise' Programme is designed to provide specialist provision to businesses that require technical, specialist, or expert support to help them overcome barriers and continue to deliver a growth in employment, turnover or productivity.

'Specialise' will give local businesses access to high quality support from proven and experienced specialists to enable increased growth. The programme will achieve this through the provision of approximately 12 hours of 1 to 1 support to eligible businesses in the East Sussex area. There is flexibility on the number of hours of support provided to each business, the minimum being 8 hours and the maximum being 16 hours (although in very specific situations these parameters can be amended with approval from ESCC). There is a requirement for the programme to have a minimum average of 10 of hours support provided per business. The number of hours of support provided should be determined through an initial diagnostic session held with each business.

'Specialise' is funded to ensure that it can provide high quality specialist support, and it is therefore expected that this will be done with business with the greatest need and with the greatest potential to grow. The quality of these interventions with these businesses will ensure that these interventions have real impacts on FTE employment, turnover and/or productivity.

'Specialise' will have a budget of £362,464 and will run from 1st January 2023 to 31st March 2025.

A possible extension of up to three months has been built into the contract, and with this extension the budget for this lot may rise to an estimated £434,956 (pro rata extension).
