Value excluding VAT: £39,625

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

Extension of a pre-existing service built in Mood software to include the digitisation of data collection, collation, and correction to provide a reliable source of intelligence to support analysis and reporting in respect of fuels quality.

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This was a Direct Award with an extant Single Source Justification for utilisation of the existing technology.

The CCS framework used to enable award of the FFMT-i agreement lapsed and was replaced by RM6100 Technology Services CCS Framework, with Operational Services - Application and Data Management sitting in Lot 3d. CACI Ltd are on the framework in their own right and Lot 3d offers the ability to undertake a direct award where, among other justifications 'Direct award will be suitable to meet a range of customer needs – for example, simple and easily defined requirements where no additional benefit would be derived from a further competition.'

The award process is facilitated through a catalogue offering, which CACI Ltd has agreed to create at a firm price, in the GeM catalogue.

Given that the work already undertaken to develop the FFMT-i and the reuse of much of that work, plus the synergies between the two products from an interoperability, management and information reporting perspective direct award under the framework is justified. In addition, and should the more enduring solution be scaled, CACI Ltd will at the end of the agreement provide the blueprints for the MOOD tool and grant a free user license to allow any follow-on activities to be competed.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract

Contract No

703529450

Title

Extension of the FFMT-I tool to include Fuel Quality Data Capture

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract

17 June 2022

V.2.2) Information about tenders

Number of tenders received: 1

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor

CACI

CACI House, Kensington Village, Avonmore Road

London

W14 8TS

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor is an SME

No

V.2.4) Information on value of contract/lot (excluding VAT)

Total value of the contract/lot: £39,625

Section VI. Complementary information
