II.1.4) Short description

This Request for Information (RFI) from Northern Ireland Water (NI Water) concerns the provision of physical and analytical instrumentation for use in water and wastewater operations. NI Water requires the information requested to assess market interest, capacity and capability for meeting its instrumentation requirements over the remainder of the current price control period (PC21) and beyond. NI Water is interested in awarding supply frameworks for physical and analytical instrumentation to support the delivery of its Capital Investment Programme. This RFI is to help NI Water understand the market structure for the manufacture and supply of physical and analytical instrumentation. The RFI is not intended to commit NI Water to awarding a supply framework at any future date or within any specific period. Responses to this document will not form part of any formal tender evaluation process and will be used for information only. Any subsequent tender competition will be conducted in accordance with established procurement regulations and procedures. Responses to this RFI should be submitted through the messaging function on the eTendersNI portal.
