This contract will be for the use of the Department for Work and Pensions (DWP) (Lots 1 to 4) and the Department for Communities in Northern Ireland (Lot 5). To support the determination of an individual's entitlement to benefit, the Authority requires the delivery of a range of compatible and sympathetic Functional Health Assessments (FAS). The results of these assessments form one part of the evidence utilised by the Authority Decision Maker in making the ultimate decision on benefit entitlement on behalf of the Secretary of State.

FAS Suppliers will be expected to deliver functional health assessments in relation to the following benefits:

## **Section VI. Complementary information**

### **VI.3) Additional information**

Award criteria additional information

The procurement used the Price per Quality Point (PQP) methodology to determine the final ranked position of each bid in each Lot.

PQP divides a bid's price by its assessed quality score to produce an output Price per Quality Point. This is used to rank each bid in each Lot from highest rank, 1, which has the lowest PQP to lowest rank which has the highest PQP.

Final Lot Values

The individual lot values shown in the FAS Contract Notice (2021/S 000-028407) provided an estimated value per lot for a 5 year contract.

The final lot values shown in Section V of this notice are the values including the initial 5 year contract term plus possible 2 year extension.

The contracting authority in section I.1 is part of the Department for Work and Pensions and is acting on behalf of the Secretary of State for Work and Pensions

#### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

This authority incorporated the required standstill period at the point information on the award of contract was communicated to tenderers. The Public Contracts Regulations 2015 (SI 2015 No 87) provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be brought within 30 days of the date of knowledge (the date on which the economic operator first knew or ought to have known that grounds for starting the proceedings had arisen) unless the court considers that there is good reason for extending that period (up to a maximum of 3 months from the date of knowledge). If the contract has been entered into the court may award damages and in the case of specified breaches of the rules may also order the termination or shortening of the contract and the levying of fines. The purpose of the standstill period referred to above was to allow parties to apply to the Courts to set aside the award decision before the contract was entered into.
