Planning

Noise & environmental barriers - Request for Information ONLY

National Highways

F01: Prior information notice

Prior information only

Notice identifier: 2022/S 000-030489

Procurement identifier (OCID): ocds-h6vhtk-037d2a

Published 28 October 2022, 11:34am

Section I: Contracting authority

I.1) Name and addresses

National Highways

The Cube ,199 Wharfside Street

Birmingham

B1 1RN

Contact

Claire Hartle and/or Claudia Elliot

Email

CatManEnablingworks@nationalhighways.co.uk

Telephone

+44 03001235000

Country

United Kingdom

Region code

UK - United Kingdom

Internet address(es)

Main address

<https://nationalhighways.co.uk/>

I.3) Communication

Additional information can be obtained from the above-mentioned address

I.4) Type of the contracting authority

National or federal Agency/Office

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Noise & environmental barriers - Request for Information ONLY

II.1.2) Main CPV code

- 34928000 - Road furniture

II.1.3) Type of contract

Supplies

II.1.4) Short description

Noise & environmental barriers - Request for Information ONLY

II.1.5) Estimated total value

Value excluding VAT: £0.01

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 34928110 - Road barriers
- 34928120 - Barrier components
- 34928230 - Noise fence

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

National Highways Strategic Procurement team are supporting the launch of the new

Digital Product Catalogue for Noise and Environmental Barrier Products. As part of this process, we need your support to identify all the available products within the market for moderation and potential approval onto the Digital Product Catalogue (DPC).

As part of our Digital Roads strategy to harness data, technology and connectivity to improve the Strategic Road Network, the Digital Product Catalogue has been developed as an online, National Highways Hosted, single location for all National Highways Endorsed/Approved products to be housed.

It will be available free of charge to all product suppliers and allows organisations to upload both Product Datasheets and BIM objects for consumption across supply chain partners, from Design Development through construction and into operations and maintenance. It removes the need for multiple versions of the products and consolidates all the information into a format that aligns completely with the National Highways Asset Data Management Manual.

Furthermore, it drives standardisation across Major Projects including efficiencies in product selection, design development and delivery. The DPC is being launched as our new way of working and will be subject to our continual review and supplier submission of products for approval.

The scope of information that National Highways will need as part of the data input to the DPC include:

- The Declaration of Performance (DoP) for each Product and/or system. This is vital to prove that the product has been sufficiently tested to meet the performance standards required
- Manufacturer's installation instructions
- Maintenance requirements for each product and/or system
- Product Data Sheet for each product and/or system
- Design Life Period for each product
- Warranty Period for each Product
- CO2 Carbon Data for each Product/system
- Details of Highways Schemes or Industry Sectors previously supplied to (if available)

All information will be treated in strictest confidence, however if you wish to tell us about anything else which you consider to be privileged information (eg. a new product to

market) please identify it as Confidential.

If your product is added to our DPC, it will become an approved product/system for potential selection on future National Highways schemes.

If you would like to submit your product data for review as part of the Digital Product Launch for noise and environmental barriers, please submit all requested data via email, to:

CatManEnablingworks@nationalhighways.co.uk no later than 28th November 2022.

II.2.14) Additional information

Noise & environmental barriers - Request for Information ONLY

II.3) Estimated date of publication of contract notice

31 October 2022

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

Noise & environmental barriers - Request for Information ONLY
