I.6) Main activity

Production, transport and distribution of gas and heat

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Electric Vehicle Charging Point Infrastructure

II.1.2) Main CPV code

- 51110000 - Installation services of electrical equipment

II.1.3) Type of contract

Services

II.1.4) Short description

NGN are looking for a single supplier to provide a full end to end service to install, manage, service, maintain and repair an Electric Vehicle Charging Point (EVCP) solution across our offices, operational depots and colleagues homes.

The supplier must provide a solution that is future proof, fit for purpose, commercially competitive, reliant and user friendly.

The EVCPs will be installed at offices and depots in line with our property programme to support the charging model of colleagues' plug-in and/or full electric company leased and personally owned cars along with supporting the charging model of the company's future plug-in and/or full electric commercial fleet (vans).

The EVCPs will also be installed at colleagues' homes to support the charging model of colleagues' plug-in and/or full electric commercial fleet (vans).

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 09000000 - Petroleum products, fuel, electricity and other sources of energy
- 31158000 - Chargers
- 34144900 - Electric vehicles
- 45314300 - Installation of cable infrastructure
- 50000000 - Repair and maintenance services

II.2.3) Place of performance

NUTS codes

- UKE - Yorkshire and the Humber

II.2.4) Description of the procurement

Electric Vehicle Charging Point Infrastructure
