T/GW054/25

Description

IT Cabling - UKAEA Culham Site. Constant office refurbishments and new installation requests involve installing new cables and removing existing obsolete cabling alongside with the existing data and power infrastructures. Any new complex builds e.g. a new building requires end-to-end involvement from a data contractor and includes not only the installation and commissioning of the LAN services, but also recommendations, advise and design. These require a specialised team that will understand potential challenges and hazards and follow health and safety, as well as building, regulations.

Total value (estimated)

- £750,000 excluding VAT

- £900,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 20 October 2025 to 20 October 2028
- Possible extension to 20 October 2030
- 5 years, 1 day

Description of possible extension:

Further two years (3+2 = 5 years)

- Government Procurement Agreement (GPA)

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

Refer to the documents published on EU Supply but this is a two-stage process comprising of stage one [Clarification Questions Deadline 19/06/2025, 12:00. Submission Deadline 01/07/2025, 12:00] which will shortlist between five to seven companies to be taken to stage two - tender stage [Clarification Questions Deadline 14/08/2025, 12:00. Submission Deadline 21/08/2025, 12:00]. Stage one will require responses to several technical questions based on current capacity and pass fail baseline questions. Stage two requires in depth responses to how the contract will be approached and a pricing exercise which will require a mandatory site visit. Any questions you have during stage one must be received via the message section via our e-tendering portal, EU supply. Further details regarding asking questions are explained in the stage one pack

Justification for not publishing a preliminary market engagement notice

Requirement is for an IT Cabling service. The service has been in place for a number of years and this is for the renewal of the contract after the previous contract came to an end. As the exercise has been done a number of times, the market is well known to UKAEA. The requirement is also required to start as soon as possible as initially it had been planned to bring this service in house but that is no longer the case.
