Internal re-design of pneumatic chute sample delivery system within the Kelvin Building laboratories, Royal Hospital Site BHSCT

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

No other reasonable alternative exists for this procurement, as this equipment that is critical to patient care, is highly complex and is an integral part of a larger Pneumatic tube system. The replacement of which would require extensive structural works and result in significant disruption to the clinical and laboratory areas and the Trusts ability to deliver services. Phil-Tec Ireland Ltd have the sole franchise to support, install or maintain this system across Ireland therefore no other economic operator can compete for this procurement. The absence of competition is not a result of the artificial narrowing of the parameters of the procurement.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

Contract No

DAC10299
