II.1.4) Short description

The establishment of a contract for the future provision of Closed Circuit Television (CCTV) and Related Services 2022 – 2024. North Lanarkshire Council (the “Council”) has a requirement to maintain a range of security systems across the Councils public space CCTV network currently operating within its boundaries consisting of circa 800 networked cameras managed from a central facility at Coatbridge. The Council also has a requirement to service and maintain similar CCTV and related services to 44 high rise towers, 33 sheltered complexes, 8 supported accommodation units, 158 schools, 46 operational buildings and other specific commercial and residential properties. In addition the Council has a number of sites previously owned by Council related ALEO’s including Culture and Leisure North Lanarkshire (CLNL) and NL Properties (NLP) which will be covered by this Contract.

The requirements are:

- maintenance services, covering CCTV, access control and intruder alarm, including software and hardware maintenance and physical works maintenance;
- capital upgrades and new installations of those systems;
- development of all systems based on open-protocol principles to allow unification over the period of the contract;
- development of the Council’s approach to delivery of the joined up requirements to

enable and deliver a unified approach to systems based public and operational safety and security; and

- a simplified but more cohesive approach to Contract and Supplier Management.
