II.1.4) Short description

NHS England wishes to notify the market of the potential upcoming opportunity. NHS England anticipates publishing the re-procurement of the NHS Digital Weight Management Programme utilising the Provider Selection Regime, through a competitive process.

The NHS Digital Weight Management Programme is a NHSE commissioned programme, offered on a national footprint to patients who meet the eligibility criteria (BMI 30+ with identified comorbidities hypertension & diabetes). The Programme runs as an adjunct to locally commissioned weight management services and as a nationally available tailored offer within the obesity weight management pathway.

The NHS Digital Weight Management Programme will deliver a behavioural lifestyle intervention to service users living with obesity over a 12-week (84 days) period. The service will be expected to deliver specific key elements, which will include:

- ? Dietary/nutritional advice and content consistent Government Dietary requirements [England] published guidelines.
- ? Physical activity advice and content in line with Chief Medical Officer [England]} Physical Activity Guidelines.
- ? Programme delivered by a recognised behaviour change methodology to support weight management and adoption of a healthy lifestyle.
- ? Reporting on Service User (patients) progress to include:
 - weight recordings

- engagement with weight management content
- physical activity engagement
- coaching engagement *

*Where applicable for Lot 2 & 3.

It is anticipated that the procurement will include the following 3 Lots:

Lot 1. Providing access to a self-directed digital weight management programme.

Lot 2. Providing access to a digital weight management programme with access to 50 minutes of individual coaching per Service User.

Lot 3. Providing access to a digital weight management programme with access to 100 minutes of individual coaching per Service User, specific tailoring of the service for identified groups experiencing health inequalities and do not routinely engage with weight management programmes.

The anticipated value across the 3 Lots is £21,100,000, with a maximum of 9 awarded contracts.
