These projects form the early and crucially important first phase of the delivery of the Cleethorpes Masterplan.

This Sea Road Development incorporates the development of a landmark, architecturally significant modern building directly opposite the entrance to the historic Pier. The scheme will provide a new tourism destination, comprising of state of-the-art public amenities and changing facilities, including commercially lettable space across all floors of the building. Sea Road will provide multifunctional retail and gathering spaces that serve both residents and visitors and be an important social and cultural destination, which local people can be proud of.
