Quality	Quality	60%	
Price	Price	40%	

#### Other information

#### Conflicts assessment prepared/revised

Yes

#### **Procedure**

#### **Procedure type**

Open procedure

#### Justification for not publishing a preliminary market engagement notice

Market engagement has involved searching for suitable suppliers in the area to assess the number of potential tenderers and determine the most appropriate tender approach. The specification has been developed based on the Council's requirements, which was previously shared with the market under a previous procurement process that did not result in the award of a Contract. Following this process being stopped, the Council has updated elements of the documentation following feedback from suppliers who engaged in the process. This includes providing additional information about historic data and clarity around what the Council is seeking in method statement responses and how this will be assessed. The Council's Contract requirements has not changed.
