St Mary's CE High School is committed to providing a safe and caring learning environment founded on Christian principles. We continue to develop an excellent standard of education for all students allowing each individual to achieve their full potential regardless of ability or background.

At St Mary's we pride ourselves on the very highest standards for everyone in the community. Student Voice is an important part of our school and every student is expected to take advantage of the many enrichment and leadership opportunities that will be provided as part of their learning journey.

We moved to our new site on Lieutenant Ellis Way in April 2010. The new school buildings provide an exceptional learning environment. Our facilities include a full size sports hall and main hall, drama studios, an outdoor amphitheatre, dedicated computer suites, a Learning Resource Centre and Student Centre as well as social spaces for each year group. It is served by industrial standard IT facilities.

An extension to the buildings to provide twelve new classrooms including two Science labs and two Technology Workshops will almost complete the original planned eight form entry school building. The final stage of the school building completed in 2018 accommodates our growing sixth form and adds the final two 'corners' to the sixth form block.
