II.1.4) Short description

Oxford Health NHS Foundation Trust is inviting suitably qualified and experienced providers to bid to deliver the Service(s), by responding to this opportunity as required and described in this document, and within the published tender.

The Service will support children and young people (CYP) with complex needs in the Thames Valley (TV) to thrive in the community by:

- collectively improving approaches to identifying and supporting CYP early;
- to engaging them and their families (incl. carers) in creative ways to access the care they need;
- to support and work with professionals across settings; and
- to provide care that is integrated, trauma-informed and systemic.

The aim of the Service is to build positive relationships with CYP and their families, helping them to be heard and engaged in the offers of help and support to reach key outcomes by:

- building resilience of CYP and their families and the professionals who work with them;
- to prevent problems from escalating; and

- to reduce the impact of poor mental health and wellbeing.

This service is being funded from a pilot programme to help the NHS respond to its long-term plan requirement to provide additional support for the most vulnerable CYP with complex needs.

The pilot will is expected to commence on 1st February 2023 to 31st March 2025.

II.2.4) Description of the procurement

Oxford Health NHS Foundation Trust are seeking a supplier to provide nine (9) Community Youth Workers who will be deployed to work across the Thames Valley.

The architecture of the programme is creating 3 individual spoke teams, placed in the 3 main counties in the Thames Valley footprint: Buckinghamshire, Oxfordshire & Berkshire.

The Community Youth Workers will be working inside these teams alongside NHS and third sector staff as part of a blended workforce of clinicians and other workers.

The Community Youth Workers will:

- deliver a range of evidence informed/ best practice interventions with CYP/families using a

strength based and outcomes focused approach;

- deliver an outreach function, meeting/ working with the CYP and families face to face where they live in the community;
- act as an advocate and at times a coordinator for CYP and families across the range of professionals;
- contribute to the program's consultation (advice and guidance) and training offer in their areas of expertise and insight to support the capacity building outcomes;
- link with the community and third sector organisation(s): keeping up to date with their offer, forming for the spoke teams and other professionals a 'system knowledge' of community assets to ensure support is meeting the needs of CYP and families;
- work with CYP to ensure co-production of the model

The Community Youth Workers will hold a small caseload so that they can meet fluctuating support needs of the young person and their family. They would provide intensive and responsive face to face and digital support to young people and their family members and carers.

We will be expecting the Community Youth Workers to be physically able to meet CYP in their communities and schools and be embedded in the county office arrangements created for the programme.

All Community Youth Workers will passionately believe in the potential of all young people to achieve their goals. The job of the Community Youth Worker will be to respond and listen actively to the needs, dreams and ideas young people bring to the table. Community Youth Workers will find opportunities that could inspire young people to step outside their comfort zone, helping them to develop new behaviors and skills which enable Young People to thrive. Community Youth Workers will support young people to unpick complex issues that are affecting their wellbeing, as well as provide wider support to family members. Community Youth Workers would use a strengths-based and outcomes focused approach, with the aim of building resilience, preventing problems from escalating and reducing the impacts of poor mental health and wellbeing.

In addition to known interventions, the service will also be given the opportunity to innovate to attempt to reach outcomes in new or alternative ways.

This procurement is being carried out by NHS South, Central and West Commissioning Support Unit (SCW) on behalf of Oxford Health NHS Foundation Trust.
