Section II: Object

II.1) Scope of the procurement

II.1.1) Title

NHS Devon - Audiology Specialist Services - Eastern Locality

Reference number

C286281

II.1.2) Main CPV code

- 85121240 - ENT or audiologist services

II.1.3) Type of contract

Services

II.1.4) Short description

The aim of the specialised audiology service is to commission a comprehensive specialised service for adults and children experiencing hearing and communication difficulties who would benefit from assessment, treatment and rehabilitation.

The ICB commissioned specialist services will accept referrals direct from health professionals in the community via DRSS and hospitals for all aspects of hearing care for adults for whom the standard community service (over 55 Routine Adult Hearing Aid Service) is not suitable, and children. This will range from babies of a few days old and their families to the elderly. The service includes diagnosis of, quantification of degree, and rehabilitation of hearing loss, tinnitus or balance impairment.

It also includes provision of supporting services for patients who may be considering or have bone anchored hearing aids and cochlear implants in addition to providing audiological support to ENT inpatient and outpatient services, as commissioned by those service providers.

This exercise is being carried out by NHS South, Central and West Commissioning Support Unit (SCW) on behalf of the Commissioner.
