Section VI. Complementary information

VI.3) Additional information

Contract Monitoring. The successful contractor's performance on the contract. will be regularly monitored. Contractors not delivering on contract requirements is a serious matter. It means the public purse is not getting what it is paying for. If a contractor fails to reach satisfactory levels of contract performance they will be given a specified time to improve. If, after the specified time, they still fail to reach satisfactory levels of contract performance, the matter will be escalated to senior management in DfI for further action. If this occurs... and their performance still does not improve to satisfactory levels within the specified period, it may be regarded as an act of grave.. professional misconduct and they may be issued with a Certificate of Unsatisfactory Performance and the contract may be terminated. The issue of a Certificate of Unsatisfactory Performance will result in the contractor being excluded from all procurement competitions being undertaken by Centres of Procurement Expertise on behalf of bodies covered by the Northern Ireland Procurement Policy for a period of twelve months from the date of issue of the certificate. As per the information provided in section V.2.3 Lot 7 no Contract Award was made as no successful submissions were received for this specific Lot.
