Tender

C334 (2023) Supply of Reclaimed & New Electrical Insulating Oil and Associated Services

Northern Ireland Electricity Networks Ltd

F05: Contract notice – utilities

Notice identifier: 2022/S 000-030844

Procurement identifier (OCID): ocds-h6vhtk-037e25

Published 1 November 2022, 2:28pm

Section I: Contracting entity

I.1) Name and addresses

Northern Ireland Electricity Networks Ltd

120 Malone Road,

Belfast,

BT9 5HT

Contact

Noreen Magowan

Email

noreen.magowan@nienetworks.co.uk

Country

United Kingdom

Region code

UKN - Northern Ireland

Internet address(es)

Main address

<http://www.nienetworks.co.uk>

I.2) Information about joint procurement

The contract is awarded by a central purchasing body

I.3) Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at

<https://e-sourcingni.bravosolution.co.uk>

Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted electronically via

<https://e-sourcingni.bravosolution.co.uk>

Tenders or requests to participate must be submitted to the above-mentioned address

Electronic communication requires the use of tools and devices that are not generally available. Unrestricted and full direct access to these tools and devices is possible, free of charge, at

<https://e-sourcingni.bravosolution.co.uk>

I.6) Main activity

Electricity

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

C334 (2023) Supply of Reclaimed & New Electrical Insulating Oil and Associated Services

Reference number

C334 (2023)

II.1.2) Main CPV code

- 71356000 - Technical services

II.1.3) Type of contract

Services

II.1.4) Short description

The Contracting Entity intends to establish a Framework Arrangement under which it shall appoint Economic Operators to enter into separate Framework Agreements for the Supply of Reclaimed & New Electrical Insulating Oil and Associated services across a number of separate lots. Each Framework Agreement will be for a period of three (3) years with an option, exercisable entirely at the discretion of the Contracting Entity and subject to the terms of the Framework Agreement, to extend by a further optional period of up to two (2) years, with a total potential duration of five (5) years.

II.1.5) Estimated total value

Value excluding VAT: £5,285,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Lot 1 - Management and Recovery of Insulating Oil includes supply of switch gear and

transformer oil

Lot No

1

II.2.2) Additional CPV code(s)

- 09200000 - Petroleum, coal and oil products
- 09211640 - Electrical insulating oils
- 24950000 - Specialised chemical products
- 24951100 - Lubricants
- 31214000 - Switchgear

II.2.3) Place of performance

NUTS codes

- UKN - Northern Ireland

Main site or place of performance

Northern Ireland

II.2.4) Description of the procurement

The supply and delivery of reclaimed and unused mineral insulating oil and removal from site of PCB-contaminated oil

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £2,657,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 6

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The Contracting Entity intends to establish a Framework Arrangement under which it shall appoint Economic Operators to enter into separate Framework Agreements for the Supply of Reclaimed & New Electrical Insulating Oil and Associated services across a number of separate lots. Each Framework Agreement will be for a period of three (3) years with an option, exercisable entirely at the discretion of the Contracting Entity and subject to the terms of the Framework Agreement, to extend by a further optional period of up to two (2) years, with a total potential duration of five (5) years.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Lot 2 - Supply of Cable Oil to BS60867

Lot No

2

II.2.2) Additional CPV code(s)

- 09200000 - Petroleum, coal and oil products

- 09211640 - Electrical insulating oils
- 24950000 - Specialised chemical products
- 24951100 - Lubricants

II.2.3) Place of performance

NUTS codes

- UKN - Northern Ireland

Main site or place of performance

Northern Ireland

II.2.4) Description of the procurement

The supply and delivery, to sites within the Northern Ireland Electricity Networks area of supply, of Synthetic Hydrocarbon Insulating Oil for use in Oil-Filled Pressure-Assisted Cables operating up to 275kV.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £355,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 6

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The Contracting Entity intends to establish a Framework Arrangement under which it shall appoint Economic Operators to enter into separate Framework Agreements for the Supply of Reclaimed & New Electrical Insulating Oil and Associated services across a number of separate lots. Each Framework Agreement will be for a period of three (3) years with an option, exercisable entirely at the discretion of the Contracting Entity and subject to the terms of the Framework Agreement, to extend by a further optional period of up to two (2) years, with a total potential duration of five (5) years.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Lot 3 – Supply of Transformer Synthetic Ester Fluid

Lot No

3

II.2.2) Additional CPV code(s)

- 09200000 - Petroleum, coal and oil products
- 09211640 - Electrical insulating oils

II.2.3) Place of performance

NUTS codes

- UKN - Northern Ireland

Main site or place of performance

Northern Ireland

II.2.4) Description of the procurement

NIE Networks requires synthetic ester insulating fluid to facilitate retro-filling of existing free-breathing transformers on the 11 & 6.6 kV network. The transformers range in size from 200 kVA to 1000 kVA with a fluid requirement by weight of 400 to 800kgs. The transformers will be drained of the existing mineral insulating oil and refilled on site with synthetic ester insulating fluid, as required.

NIE Networks will request delivery to NIE Networks Stores (Ballymena, Craigavon and Silverwood Workshop) of various quantities of Synthetic Ester Fluid in drums (205 L) or bulk delivery to site depending on the extent of works being carried out onsite

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £943,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 6

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The Contracting Entity intends to establish a Framework Arrangement under which it shall appoint Economic Operators to enter into separate Framework Agreements for the Supply of Reclaimed & New Electrical Insulating Oil and Associated services across a number of separate lots. Each Framework Agreement will be for a period of three (3) years with an option, exercisable entirely at the discretion of the Contracting Entity and subject to the terms of the Framework Agreement, to extend by a further optional period of up to two (2) years, with a total potential duration of five (5) years.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Lot 4 – Oil Processing Services (BS148) and Site Processing

Lot No

4

II.2.2) Additional CPV code(s)

- 71356000 - Technical services
- 90523000 - Toxic waste disposal services except radioactive waste and contaminated soil
- 90700000 - Environmental services

II.2.3) Place of performance

NUTS codes

- UKN - Northern Ireland

Main site or place of performance

Northern Ireland

II.2.4) Description of the procurement

On site filtering of new or existing oil within a transformer. The supplier shall test the oil before and after site processing to ensure that the gas and moisture in the oil has been reduced to a suitable level.

Onsite regeneration of existing oil with elevated levels of acidity. The supplier shall test the oil before and after site regeneration to ensure that the gas, moisture and acidity in the oil has been reduced to a suitable level

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £197,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 6

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The Contracting Entity intends to establish a Framework Arrangement under which it shall appoint Economic Operators to enter into separate Framework Agreements for the Supply of Reclaimed & New Electrical Insulating Oil and Associated services across a number of separate lots. II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Lot 5 - Supply of Tankers and Recovery of Drums

Lot No

5

II.2.2) Additional CPV code(s)

- 34133100 - Tankers
- 600000000 - Transport services (excl. Waste transport)
- 60182000 - Hire of industrial vehicles with driver

II.2.3) Place of performance

NUTS codes

- UKN - Northern Ireland

Main site or place of performance

Northern Ireland

II.2.4) Description of the procurement

Supply of oil tankers for the purposes of site storage during removal of oil from transformers for the purposes of inspection or repair or associated with Lot 2 above. This will require the supplier to transport the necessary equipment to site including all transport costs (inc. accommodation, subsistence and ferry's).

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £360,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 6

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The Contracting Entity intends to establish a Framework Arrangement under which it shall appoint Economic Operators to enter into separate Framework Agreements for the Supply of Reclaimed & New Electrical Insulating Oil and Associated services across a number of separate lots. Each Framework Agreement will be for a period of three (3) years with an option, exercisable entirely at the discretion of the Contracting Entity and subject to the terms of the Framework Agreement, to extend by a further optional period of up to two (2) years, with a total potential duration of five (5) years.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Lot 6 – Site Operation Services

Lot No

6

II.2.2) Additional CPV code(s)

- 71000000 - Architectural, construction, engineering and inspection services
- 71314100 - Electrical services
- 71356000 - Technical services
- 71600000 - Technical testing, analysis and consultancy services

II.2.3) Place of performance

NUTS codes

- UKN - Northern Ireland

Main site or place of performance

Northern Ireland

II.2.4) Description of the procurement

Provision of experienced/trained personnel to facilitate on site operation of the NIE Networks Filterall oil processing plant inclusive of all travel costs (inclusive of accommodation, subsistence and ferry's).

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £720,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 6

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The Contracting Entity intends to establish a Framework Arrangement under which it shall appoint Economic Operators to enter into separate Framework Agreements for the Supply of Reclaimed & New Electrical Insulating Oil and Associated services across a number of separate lots. Each Framework Agreement will be for a period of three (3) years with an option, exercisable entirely at the discretion of the Contracting Entity and subject to the terms of the Framework Agreement, to extend by a further optional period of up to two (2) years, with a total potential duration of five (5) years.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2) Description

II.2.1) Title

Lot 7 – Provision of Transformer & Cable Oil Analysis

Lot No

7

II.2.2) Additional CPV code(s)

- 71000000 - Architectural, construction, engineering and inspection services
- 71600000 - Technical testing, analysis and consultancy services

- 71620000 - Analysis services

II.2.3) Place of performance

NUTS codes

- UKN - Northern Ireland

Main site or place of performance

Northern Ireland

II.2.4) Description of the procurement

The testing and analysis of oil samples taken from transformers and cables on NIE Networks Transmission and Distribution Network. It will involve the collection and delivery of samples, carrying out the various tests as specified and analysing this data and reporting the results back to NIE Networks.

Provision of required sample bottles, carrying cases and as requested, buchholz gas sample vessels.

The testing and analysis of Synthetic Ester Fluid from transformers and silicon fluids from cable terminations as required.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £52,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged number of candidates: 6

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

The Contracting Entity intends to establish a Framework Arrangement under which it shall appoint Economic Operators to enter into separate Framework Agreements for the Supply of Reclaimed & New Electrical Insulating Oil and Associated services across a number of separate lots. Each Framework Agreement will be for a period of three (3) years with an option, exercisable entirely at the discretion of the Contracting Entity and subject to the terms of the Framework Agreement, to extend by a further optional period of up to two (2) years, with a total potential duration of five (5) years.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

As specified within the PQQ and/or tender documents available from the address specified with the reference project C334 (2023) Supply of Reclaimed & New Electrical Insulating Oil and Associated Services

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

III.1.4) Objective rules and criteria for participation

List and brief description of rules and criteria

As specified within the PQQ and/or tender documents available from the address specified with the reference project C334 (2023) Supply of Reclaimed & New Electrical Insulating Oil and Associated Services

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with a single operator

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

6 December 2022

Local time

12:00pm

IV.2.3) Estimated date of dispatch of invitations to tender or to participate to selected candidates

24 January 2023

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 6 (from the date stated for receipt of tender)

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: Yes

VI.4) Procedures for review

VI.4.1) Review body

Northern Ireland Electricity Networks Ltd

120 Malone Road

Belfast

BT9 5HT

Country

United Kingdom

VI.4.2) Body responsible for mediation procedures

Northern Ireland Electricity Networks Ltd

120 Malone Road

Belfast

BT9 5HT

Country

United Kingdom

VI.4.4) Service from which information about the review procedure may be obtained

High Court of Justice in Northern Ireland

Royal Courts of Justice, Chichester Street

Belfast
