NHS Suffolk and North East Essex Integrated Care Board are awarding the contract named within this notice under the Direct Award C process which is outlined within the Health Care

Services (Provider Selection Regime) Regulations 2023. The provider named in this notice is an existing provider and has been reviewed through a Key Criteria assessment to ensure the awarding body is satisfied with current performance and reasonably expects the provider to be able to satisfy the contract which is the subject of this notice. The contract which is the subject of this notice has not changed considerably when compared with the existing / previous contract delivered by the named provider.

The ICB may wish to introduce additional services during the lifetime of the contract ("Contract modifications"). Such contract modifications will be contemplated where additional requirements are similar and or complementary to the services already included in the Specification, at any given time. Such expansion would be by the addition of services commissioned by the Authority as named in the Contract Notice. To this end, after the award of contract, there is a possibility that the contract may be varied as allowable in accordance with the Health Care Services (Provider Selection Regime) Regulations 2023.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This is a Provider Selection Regime (PSR) intention to award notice. The awarding of this contract is subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award. The publication of this notice marks the start of the standstill period.

Representations by providers must be made to decision makers by 9th October 2024 (8 working days following publication of intention to award notice). They should be submitted in writing to procurement@snee.nhs.uk.

This contract has not yet formally been awarded; this notice serves as an intention to award under the PSR.

Awarding Committee: Suffolk and North East Essex ICB Board

No conflicts of interest, or potential conflicts of interest, were declared by any decision makes.

The decision to award this contract in line with Direct Award Process C was based on evaluation against the five required key criteria as follows:

- Quality and Innovation - Not Assured - There are some performance struggles with some of the contractual KPIs; however, providers nationally are struggling to achieve many of the metrics. An Action Plan has been put in place to cover clinical outputs and performance timeliness including but not exclusively reducing ambulance and ED dispatches more in line with national average, increasing calls dealt with by advice, improving 111 online call backs and timeliness of clinical inputs. It is anticipated that the action plan will lead to improvement in the contractual KPIs and therefore assurance levels.
- Value - Part Assured - elements of the provider's service delivers value for money. However,

delivery against the core contract shows poor attainment of KPIs in the context of lower-than-commissioned activity levels. This however is against a national context of services struggling and the cost impact of procuring a new service. The action plan will lead to improvement in the contractual KPIs and therefore assurance levels.

- Integration, Collaboration and Service Sustainability - Assured - The provider is noted for their excellent collaborative approach within the system.
- Improving Access, Reducing Health Inequalities and Facilitating Choice - Assured - The Equality Impact Assessment demonstrates the broadly positive impact IUC services have on ensuring equality of access for patients.
- Social Value - Assured - SNEE ICB are assured that the provider is delivering in line with the SNEE Green Plan. The provider's service offers clear and defined benefits, both in terms of environmental and social values.
