Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Swaffham Area Demand Responsive Transport

Reference number

NCCT42190

II.1.2) Main CPV code

- 60112000 - Public road transport services

II.1.3) Type of contract

Services

II.1.4) Short description

The Council has procured a fully digitised demand responsive transport service with automatic and optimised route scheduling for residents south of the market town of Swaffham in West Norfolk to access services in the town and beyond. The transport service will cover an area of approximately 85 square miles, 7000+ residents and over 20

villages and hamlets, to improve accessibility and connectivity. The service will run from 0700 – 1900, Monday to Saturday. There is funding available for the purchase of a vehicle. The Council has also procured an online application for the transport operator to plan journeys and for passengers to book and pay for their journeys.

II.1.6) Information about lots

This contract is divided into lots: Yes

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £683,279

II.2) Description

II.2.1) Title

Digitised demand responsive transport

Lot No

1

II.2.2) Additional CPV code(s)

- 60112000 - Public road transport services

II.2.3) Place of performance

NUTS codes

- UKH17 - Breckland and South Norfolk

II.2.4) Description of the procurement

Norfolk County Council has procured a fully digitised demand responsive transport service, with automatic and optimised route scheduling, for residents south of the market town of Swaffham in west Norfolk, to access services in the town and beyond. The transport service will cover an area of approximately 85 square miles, 7000+ residents and over 20 villages and hamlets, to improve accessibility and connectivity. The service will run from 0700 – 1900, Monday to Saturday. The service will require different booking options and the service provider will need to offer a telephone booking service and accept online bookings via the application in Lot 2. The contract will be awarded for 39 months, which is the length of the trial for which we have been allocated DfT funding, with an option to extend up to 8 years. It is expected that the successful bidder will engage with Norfolk County Council and local stakeholders to endeavour to make the service

commercially sustainable after the initial period.

II.2.5) Award criteria

Quality criterion - Name: Marketing and Promotion of the Service, Sustainability, Mobilisation, Staffing and Service Management / Weighting: 60

Price - Weighting: 40

II.2.11) Information about options

Options: No

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

The initial contract will be for 39 months with the option to extend by 57 months. The value given is for the first 39 months.

II.2) Description

II.2.1) Title

Online transport application to plan journeys and take bookings and payments

Lot No

2

II.2.2) Additional CPV code(s)

- 48000000 - Software package and information systems
- 48813000 - Passenger information system
- 48332000 - Scheduling software package

II.2.3) Place of performance

NUTS codes

- UKH17 - Breckland and South Norfolk

II.2.4) Description of the procurement

The Council has awarded a contract for an online application to support the demand response transport service in the Swaffham area. The solution has the functionality to:(1) manage the operation of the service (e.g. managing key stop and road information);(2) allow passengers to plan, book, update and pay for journeys in advance (one-off and regular journeys) and indicate any special requirements (e.g. wheel chair user, specific time requirements); (3) offer a range of ticket options; (4) provide comprehensive information to the passenger on their booking (e.g. pick-up time, delays) via the app and SMS;(5) provide dynamic dispatch and routing to optimise the service based on bookings received and using real-time information on traffic and connecting services;(6) allow the driver to log on/off, access route and passenger information and contact passengers/operations staff.The solution is able to integrate with other information systems (e.g. other bus services and ticket machines of other operators) and have a reporting facility with the ability to download data for analysis in other tools.The main aim of offering this technology is to incentivise people to use the service so it needs to be easy to use. It must be able to run on a range of devices, which potential passengers may have.

II.2.5) Award criteria

Quality criterion - Name: Mobilisation, Integration, Customer Experience, Training, Support, Upgrades and Functionality / Weighting: 60

Price - Weighting: 40

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

The contract will initially be for 39 months with the option to extend by 57 months. The value is for the first 39 months only and just for the Swaffham service. However, the Council reserves the right to extend the service provision to other vehicles within Norfolk on a pro rata basis. The value given is for the initial term.
