Scope

Reference

C362167

Description

The NHS Health Check is a core component of England's cardiovascular disease (CVD) prevention programme and invites eligible adults aged 40 - 74 years for a free check every 5 years. The DHSC is looking to establish a single supplier framework to deliver an end-to-end home blood testing (Cholesterol and HbA1c) service through the digital NHS Health Check platform. The framework will be used by local authorities in England. Integration with the NHS Health Check will be an essential aspect of the service. The DHSC is leading on the procurement and will be the framework administrator. The contracting authorities will be all Local Authorities in England. This is not a call for competition, but an opportunity to gather feedback to better understand market capabilities, refine the procurement strategy, and encourage supplier engagement. Interested parties can access the relevant documents via the Atamis system at <https://health-family.force.com/s/Welcome> using the contract reference. Suppliers may also submit the completed questionnaire through Atamis but must be registered on the

system to do so. Alternatively, questionnaires can be submitted by email to ccsinbox@dhsc.gov.uk, quoting "NHS Health Check Online" no later than 25/06/2025 5pm.

Commercial tool

Establishes a framework

Total value (estimated)

- £20,000,000 excluding VAT
- £24,000,000 including VAT

Engagement

Engagement deadline

25 June 2025

Engagement process description

We are sharing the draft specifications, proposed procurement approach and timetable with the market to invite feedback from potential bidders. This input may help shape the final procurement strategy. A questionnaire is also available for suppliers to complete, allowing them to provide comments and raise any additional questions.
