The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

An agreement was made in December 2017 to return the hosting of the ICS system from Hampshire County Council to the Isle of Wight Council. ICS hosting was originally transferred to Hampshire County Council after the establishment of a strategic partnership between organisations including the provision of senior management for Isle of Wight children's services. This took place in 2012. In the intervening period the ICS/SWIFT product set was sold by Northgate to OLM.

A parallel procurement process has been undertaken with Hampshire County Council for a replacement ICS System. The Isle of Wight Council is required to be implementing the same new social care system in line with Hampshire County Council's programme timelines and these have been delayed extensively due to the COVID-19 pandemic. The Support and Maintenance contract of the integrated children's services case management system is required to remain directly with the incumbent supplier whilst the implementation and system transition is undertaken. The Council has had to extend a number of times due to delays with the project for the replacement system.

The Isle of Wight Council will be observing a 10-day standstill period which will end at midnight on 30 October 2023 and the contract is intended to begin on 01 November 2023 until 30 April 2024.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

A contract/lot is awarded: Yes

V.2) Award of contract/concession
