The procurement documents are available for unrestricted and full direct access, free of charge, at

https://sharedsystems.eu-supply.com/app/rfq/rwlentrance_s.asp?PID=15333&B=SELLAFIELD

Additional information can be obtained from the above-mentioned address

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Nuclear Decommissioning

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

STEELWORK AND EXTERNAL ENVELOPE

Reference number

PPP/MPPKDP2/6

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

This package of work consists of Steelwork – known as KDP2 and External Envelope – known as KDP6. The scope includes all the typical elements of work usually associated with the delivery of steelwork, both structural and other, and the cladding of industrial buildings. It is intended that the scope includes the following general classifications of work. Please note that this list is non-exhaustive. Early Contractor Involvement, Final Design, Temporary Works, Structural Steelwork, Steel Frames, General Steelwork, Structural Metalwork, General Metalwork, Metal Decking, Metal Walkways, Edge Protection, Cladding and Roofing. All works to include supply and erect services. Early Contractor Involvement (ECI) is seen as one of the PPP's key drivers to procure in this way, as it will enable the supply chain to have a long-term influence on the way in which projects are designed and delivered. This is a 18 year framework.

II.1.5) Estimated total value

Value excluding VAT: £249,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45213250 - Construction work for industrial buildings
- 45213251 - Industrial units construction work
- 45223210 - Structural steelworks

- 45223220 - Structural shell work
- 45261213 - Metal roof-covering work
- 45262400 - Structural steel erection work
- 45262420 - Structural steel erection work for structures

II.2.3) Place of performance

NUTS codes

- UKD11 - West Cumbria

Main site or place of performance

UKD11 Sellafield Site

II.2.4) Description of the procurement

The Programme and Project Partners (PPP) at Sellafield are undertaking a procurement exercise to engage with Key Delivery Partner's (KDP's) via a Multi Project Procurement (MPP) process. The PPP model has been established to deliver approximately 25 projects consisting of new build, as well as some upgrade and refurbishment of existing buildings. This package of work consists of Steelwork – known as KDP2 and External Envelope – known as KDP6. The scope includes all the typical elements of work usually associated with the delivery of steelwork, both structural and other, and the cladding of industrial buildings. It is intended that the scope includes the following general classifications of work. Please note that this list is non-exhaustive. Early Contractor Involvement, Final Design, Temporary Works, Structural Steelwork, Steel Frames, General Steelwork, Structural Metalwork, General Metalwork, Metal Decking, Metal Walkways, Edge Protection, Cladding and Roofing. All works to include supply and erect services. Early Contractor Involvement (ECI) is seen as one of the PPP's key drivers to procure in this way, as it will enable the supply chain to have a long-term influence on the way in which projects are designed and delivered. The outcomes being projects that are delivered more safely, are better designed (innovative), of a higher quality, whilst being environmentally sympathetic, easier to maintain, delivered on time and within budget. The 18-year framework provides an unparalleled opportunity for the PPP and supply chain to develop long-term relationships that can grow and adapt organically over time, to create a world class legacy of excellence for the design and construction of nuclear facilities.

II.3) Estimated date of publication of contract notice

9 December 2021

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
