As such, the Service is being jointly commissioned by Cheshire East Council, Eastern Cheshire Clinical Commissioning Group and South Cheshire Clinical Commissioning Group. VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The care sector is currently facing an unprecedented crisis and existing contracted providers are struggling to deliver commissioned services due to the national staffing crisis throughout the care sector, hence the need to extend to provide stability rather than re-tender in the current climate.

The crisis has been exacerbated by a number of factors including a reduced pool of potential employees, burn out of long term staff resulting in high numbers of people leaving the care sector, other sectors being able to offer more competitive salaries, staff working in the sector feeling under valued.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £65,085,276

Total contract value after the modifications

Value excluding VAT: £76,385,276
