CONTRACT SPECIFIC MANDATORY CRITERIA

Part IV: Selection criteria - C: Technical and Professional Ability – Prompt Payment –

Question 4C.4 - It is a mandatory requirement of this Contract that a prompt payment clause is present in all Contracts used in the delivery of the requirements. This ensures payment of sub-contractors at all stages of the supply chain within 30 days and includes an obligation to provide a point of contact for sub-contractors to refer to in the case of payment difficulties. This will require active monitoring of payment performance as well as the provision of evidence and reports to the Council on request or as contractually scheduled. Bidders should confirm that this condition will be met within the response to this question.

Part IV: Selection criteria - C: Technical and Professional Ability – Climate Change – Question 4C.7 - It is a mandatory requirement that Tendering Organisations will be required to provide evidence that their organisation has taken steps to build their awareness of the climate change emergency and how they will respond. Tendering organisations will be required to complete the Climate Change Plan Template, including planned projects and actions to reduce the bidder's carbon emissions. This does not need to contain calculated carbon emissions.

Part IV: Selection criteria - D: Quality Assurance Schemes & Environmental Management – Question 4D.1 - It is a mandatory requirement that Tendering Organisations with more than 5 employees have in place a Health & Safety Policy which is approved at a senior level within the Organisation and is reviewed regularly. Bidders should confirm that this condition has been met within the response to this question. Where a Bidder does not have a Health & Safety Policy and is required to do so, the Council may exclude the Bidder from the competition.
