Engagement process description

Transport for London (TfL) and London Councils are preparing for a future procurement of Taxi and Private Hire Vehicle (PHV) services, supporting the Taxicard and Dial-a-Ride schemes from 2026 onwards. These services are essential for enabling travel for individuals with mobility or visual impairments and represent a commitment to inclusive, accessible transport across the capital.

We are currently conducting early market engagement to understand the capabilities,

capacity, and interest of the market-particularly from SME providers.

Your input will help ensure that market perspectives inform the development and finalisation of both the procurement strategy and the subsequent tender documents.

To engage with us please email us on dar-taxiservices@tfl.gov.uk with the subject line: "TfL PME 001 OCID: ocds-h6vhtk-052531" and which lot you are interested in. (Lot 1, 2 & 3 as described in FTS)

We will then issue a brief background document and MS form questionnaire link(s). After reviewing the responses, we will provide limited generic feedback to all participants.

All responses received will be reviewed and analysed, and will play a key role in shaping the final Procurement Strategy for this requirement.

To ensure your feedback is considered, please ensure your completed questionnaire(s) is submitted by end of June 2025.

Please note:

This is a market sounding exercise and does not form part of a formal procurement process.

All responses will be carefully reviewed and considered, but they will not commit TfL to any specific procurement route.

Participation does not imply any future contractual or commercial commitment.

Thank you for taking the time to respond to the questionnaire(s).
