Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure without publication of a contract notice

- No tenders or no suitable tenders/requests to participate in response to negotiated procedure with prior publication of a contract notice
- The products involved are manufactured purely for the purpose of research, experiment, study or development

Explanation:

UK MoD, Army Headquarter, by the Army Warfighting Experiment (AWE) programme intend to award a contract to Kinected Solution Ltd for the provision of a Rugged Private LTE with fully integrated embedded edge compute and embedded mesh backhaul capability. The AWE is the way the Army conducts large-scale Research and Experimentation. Army needs to upgrade its experimental network to support the AWE series by the 1st March 2022. Kinected Solution Ltd is the only known supplier of a Rugged Private LTE with fully integrated embedded edge compute and embedded mesh backhaul capability, which can meet the AWE Urban Series March 2022, 4G LTE technology requirement.

DSPCR, Regulation 16 (1) (c) (i) Research and Development (R&D) applies. Any future Army operational capability fulfilment will be subject to a formal competition.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
