II.1.3) Type of contract

Supplies

II.1.4) Short description

The National Fire Chiefs Council (NFCC) Procurement hub are holding a virtual supplier and sector engagement day on Thursday 15th December.

The Procurement hub are therefore requesting all suppliers of CAD and ICCS systems to get in touch in order to participate in this day.

Multiple Fire Services are looking to undertake competition in the coming months/years to replace their existing CAD/ICCS Solutions.

Therefore, it would be useful to understand the roadmap and developments of suppliers solutions, cloud vs on premise, share two way feedback on previous procurement experiences, complexity of systems integration and open up a panel discussion consisting of CAD/ICCS suppliers.

We welcome all such suppliers who engage, or wish to engage with the sector on these systems.

NOTE - this event is for Supplier Engagement only, and will not result in a competition - but will aid future competitions in this area. This is not an opportunity to demonstrate solutions.
