Description

****Please note extended tender dates****

Lancashire County Council is seeking to procure a framework agreement (Agreement) for the provision of Ground Investigation Services and Associated Works.

The work content will relate to Ground Investigation (i.e. boreholes/soil sampling and testing/ factual and interpretative reporting) as outlined in the tender pack. The Agreement will be used to carry out site investigations for new highway schemes, existing highway maintenance schemes, new Council buildings including new school developments and the potential treatment of mineshafts and shallow mine workings.

The investigation works will comprise of hand excavated trial pits, cable percussion boreholes, rotary open hole and core drilling, dynamic probing, environmental probing, road pavement and structural coring. Sampling will be required, together with the production of borehole logs and factual reports, where required. Further information can be found within the tender pack.
