## **VII.2) Information about modifications**

### **VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

To add additional funding to increase capacity to meet the service requirements of the Integrated Substance Misuse Service from the Office for Health Improvement and Disparities (OHID) Supplementary Substance Misuse Delivery Grant (SSMDG). This grant will be most effective in increasing capacity being delivered within the main service with additional staffing and help the council to improve the Councils drug and alcohol recovery treatment services.

Increased supply of naloxone to treat drug overdose and prevent drug related deaths including 'take home' for hospital leavers £11,250.00

Increase staffing

1 x FTE Hospital In-reach worker role £34,125.00

1 x FTE Drug & Alcohol Keyworker £34,125.00

8 x WTE Criminal Justice Key Workers £358,655.00

2 x WTE Band 6 Nurses £114,618.00

Increase places on Buvidal £80,307.00

Mobile fibrosis scanner £20,925.00

Total Value of Modification £654,005.00

### **VII.2.2) Reasons for modification**

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

These are relatively small modifications to a large integrated substance misuse service that will manifest whilst service users are inside the service. Because of this, a change of contractor is impractical from an economic perspective and because it could lead to disengagement of service users.

### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £35,700,000

Total contract value after the modifications

Value excluding VAT: £36,354,005
