II.1.4) Short description

HMPPS is committed to delivering a new and transformed Prisoner Education Service (PES) that increases the focus on Education, Skills and Work (ESW) within prisons and supports prisoners to improve their prospects for work on release. The PES Programme will focus on the following three overarching strategic priorities:

- improving the numeracy and literacy of all prisoners who need it;
- incentivising prisoners to improve their qualifications and skills to increase their prospects of finding work on release; and
- ensuring that Governors and their teams have the knowledge, tools, support and accountabilities that they need to lead this work.

The provision of an impartial and high-quality Careers Information, Advice and Guidance (CIAG) Service is fundamental to achieving our vision and our aims.

The vision of PES is that everyone of working age and able to work should leave prison prepared for employment or further education and training. The new CIAG Service will contribute to reducing reoffending by supporting prisoners from induction to release identifying career aspirations, setting education, skills and work-related goals, and supporting prisoners to achieve their aspirations upon release.

We are seeking to procure new CIAG contracts that can offer prisoners a high quality and impartial CIAG Service. The new CIAG contracts shall replace the current CIAG services commissioned via the Prison Education Dynamic Purchasing System (PEDPS).

The CIAG Service is being procured separately to Core Education Provision (currently being procured

<https://www.find-tender.service.gov.uk/Notice/027125-2023>).

Suppliers can bid for both Core Education and CIAG services.

This procurement will cover the provision of CIAG services in all prisons managed by HMPPS in England, with the exception of two, and four prisons managed by private operators in England.

This requirement has been classified as being subject to the Light Touch Regime under the Public Contract Regulations 2015. The procurement shall be a single stage procurement with a single submission requirement in response to an Invitation to Tender (ITT).

The procurement shall comprise of eleven regional lots. The contracts will commence on the 1st April 2025.

The duration of the contracts shall be for an initial four (4) years with options to extend the term of this Contract beyond the end of the Initial Term or beyond the end of any additional period (as applicable) for a minimum of one (1) year and provided the maximum aggregate additional period shall not exceed three (3) years. Total 7-year value £72,360,000.00

The Authority is using the Jaggaer electronic eSourcing Portal (formerly Bravo) for the procurement. The ITT, which is comprised of three volumes and supporting documentation, is available only in electronic format via the Portal. Bidders must register the names of all contacts requiring access to the sourcing event and must submit queries via the Portal.
