North Fife Local Bus Services - Contract Extensions

Reference number

10340

II.1.2) Main CPV code

- 60112000 - Public road transport services

II.1.3) Type of contract

Services

II.1.4) Short description

Fife Council organises local bus services as permitted by Section 63(2) of The Transport Act 1985. The Council wishes to provide bus services to provide links for communities either not served by the commercial bus network or not served by that network on particular days or at particular times of day.

These bus services which are the subject of this Notice are in North Fife. North Fife is an area comprising, though not exclusively so, the boundaries of the former North-east Fife District Council. In general terms, this area is bounded by Newburgh, Gateside, Falkland, Freuchie, Star, Kennoway and Leven and all points to the north and east within the peninsula. The main urban centres are Cupar, St Andrews and Anstruther. Services may operate wholly within the North Fife area but are not limited by its boundaries and may operate further afield.

On 1st March 2018, Fife Council confirmed to successful operators their place on the framework for the provision of North Fife Local Bus Services. Contracts initially awarded under the framework commenced on 13th August 2018 and ran to 16th August 2020 with the option to extend for one year to 15th August 2021. Information about the award of the framework and contracts awarded under it was published on 5th April 2018 under references: APR315670 / OCID:ocds-r6ebe6-0000512992. Those contracts were extended until 15th August 2021, when the framework expired, and then were further extended until 14th August 2022, a modification notice confirming this was published on 10th February 2021, reference: FEB406408

OCID:ocds-r6ebe6-0000643941. This notice is to extend these existing contracts with the incumbent suppliers for a period of 12 months until 13th August 2023 for the reasons detailed in section IV of this notice.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £1,941,611

North Fife Flexi Zones

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Covid-19, has reduced demand so fares information for specifications can't be provided and it's unclear when passenger numbers will return to pre-Covid levels, leading to difficulty in pricing bids because fare levels are unknown. By extending contracts, we have time to obtain more realistic passenger level data. - Covid-19 has prevented us undertaking on-bus passenger surveys, a more effective tool than online ones with regard to response numbers. Recovered passenger levels will enable accurate surveys. - The Covid Support Grant will be revised/ended at some point, which is likely to impact bus operators' income. There is concern that, when the Government support ends, marginal commercial bus routes will be withdrawn, putting pressure on the Council to subsidise replacements. The impact isn't yet known but we wouldn't want any decisions/outcomes to force us to amend/abandon a procurement in the near future. - Delay to implementing the Under 22s Free Travel Scheme leaves unknowns re. provision of passenger and pupil fare estimates and continued uncertainty over what the Government will be funding with regard to pupils on our registered school buses.

All are circumstances outwith the Council's control. The expiry of the incumbent contracts while these circumstances apply makes assessing the need for services and consequently the specification of a longer term requirement impossible. It is proposed therefore to extend the existing contracts/service for a short time until the above circumstances resolve.

It is considered these circumstances fall within the scope of Regulation 33(1)(c)- extreme urgency brought about by unforeseeable circumstances). The Urgency has been brought about by the combination of the above circumstances caused by Covid-19 which mean we are unable to accurately assess the pattern of bus usage needed to shape an appropriate future network of services, and the fact existing contracts are coming to an end.

The circumstances also fall within the scope of Section 72(1)(c) which permits the modification of a contract, including extension, where all of the following conditions are fulfilled:

(i) the need for modification has been brought about by circumstances which a diligent contracting authority could not have foreseen (See above); (ii) the modification does not alter the overall nature of the contract or framework; (iii) any increase in price does not exceed 50% of the initial contract value or framework agreement;

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2021/S 000-002744](#)

Section V. Award of contract/concession

Contract No

10340

A contract/lot is awarded: Yes

VI.4) Procedures for review

VI.4.1) Review body

Kirkcaldy Sheriff Court

Kirkcaldy

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Economic operators should approach the contracting authority in the first instance. However, the only formal remedy is to apply to the courts:

An economic operator that suffers, or is at risk of suffering, loss or damage attributable to a breach of duty under the Public Contracts (Scotland) Regulations 2015 or the Procurement Reform (Scotland) Act 2014, may bring proceedings in the Sheriff Court or the Court of Session.
