Description

*****THIS IS A CONTRACT DETAILS NOTICE NOT A CALL FOR COMPETITON*****

This procurement is being concluded as a Direct Award below threshold.

Brief Description of Requirement

This project aims to test the solutions generated through the previous EE retrofit supply chain behavioural analysis with key stakeholders (including representatives of the key labour market groups in focus, people working in the industry, construction businesses,

industry experts, training/education providers etc.) to explore their feasibility, their acceptability with the public, their applicability, and their likelihood of success and potential impact and to establish conditions to them being successful.
