VEL-DCO (25-26) 37

### **Description**

The appointment of a Senior Project Manager is intended to support the successful execution of the capital and maintenance workplan at the Velindre Cancer Centre over a 6 month period.

The key responsibilities of the appointed Senior Project Manager will be:

1. Strategic Leadership - Guiding the project to ensure alignment with VUNHST's operational goals and compliance with NHS standards.

2. Stakeholder Management - Engaging and coordinating with internal and external stakeholders, including senior leadership, project teams, and contractors.
3. Risk Management - Proactively identifying and managing risks to prevent delays or disruptions.
4. Project Planning and Execution - Developing, overseeing, and executing detailed project plans that meet defined timelines, budgets, and quality criteria.
5. Management of Live Hospital and Derelict Site Work - Ensuring all works are safely managed within operational healthcare settings and derelict environments, minimising disruption and maintaining compliance with health and safety standards.
6. Financial Oversight - Monitoring project expenditures to ensure adherence to budget and achievement of financial targets.
7. Reporting - Providing timely and accurate progress reports to the VUNHST leadership to support informed decision-making.
8. Quality Assurance - Ensuring all outputs meet specified standards of quality, compliance, and sustainability.
9. Governance and Progress Monitoring - Chairing regular project progress meetings to ensure strong governance, effective communication, and alignment across all stakeholders.
