II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- No tenders or no suitable tenders/requests to participate in response to restricted procedure

Explanation:

Brexit, the Covid 19 pandemic and the Ukraine invasion have caused major disruption to the vehicle market with significant price increases, very limited availability, and long lead times that can be more than 12 months from the point of order. Time is of the essence given rising costs and availability and contracting a new fleet is urgently required to ensure service continuity, mitigate cost pressures, and access those vehicles that are available.

The Trusts requirements are 'non-standard' as they include some operational fit out, but this

subsequently affects the providers resale value, a key factor in the business model, and most likely the reason for the lack of bids.

7 companies were requested to submit an initial quotation. Only two submitted a quotation. The rest did not respond or were unable to help given the specific requirements. Of those who responded, Pearce Bros (AutoRentals) Ltd submitted the lowest life-cycle cost.

In addition, Pearce Bros (AutoRentals) Ltd were chosen based on the earliest delivery date and ownership of the tail lift, which was a key requirement

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section V. Award of contract/concession

Contract No

35017

Title

Bristol Centre for Enablement's Transportation 2022-2025

A contract/lot is awarded: Yes
