II.1.4) Short description

Powys Teaching Local Health Board requires a contractor to provide electrical and biomedical engineering services to maintain its portfolio of medical devices. This service should include cyclical maintenance, repairs, call outs, parts, labour and shipping (where applicable). The full scope of the contract is outlined within the specification document. A supplementary asset list is provided in Appendix 1 of the specification which lists all current Health Board owned assets and their relative servicing requirements. Please note, this list is currently accurate, but may be subject to change across the life of the contract as new assets are procured and previously owned assets are condemned. Contractors should consider this when collating their bids.

This contract will be for an initial three (3) year period with the option for the Health Board to extend, at its sole discretion and subject to satisfactory contractor performance, for an additional two (2) years. If undertaken, the two (2) year extensions would be awarded in one (1) year increments following separate and independent successive reviews.
