II.1.4) Short description

Active Recovery Bed describes a pathway for a facility where people are ready to be discharged from hospital but are not ready to return to their former home or level of independence. They may require time, support, care and potentially therapies to enable

them to be rehabilitated and enabled to move to being supported on a longer term basis at home.

The Council are looking to commission 60 Active Recovery Beds across Lincolnshire, initially

for a limited duration to 31st March 2023.

It is expected that the Council will fund the beds on a block purchase basis, i.e., the Provider

will be paid the set fee per bed per week whether the bed is occupied or empty.

Residents will receive intensive support to maximise their level of independence during a maximum stay of 4 weeks.
