Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Postal Services and Solutions

Reference number

RM6280

II.1.2) Main CPV code

64000000 - Postal and telecommunications services

II.1.3) Type of contract

Services

II.1.4) Short description

Crown Commercial Service (CCS) as the Authority has awarded a Pan Government Collaborative Agreement in the form of a multi supplier Framework Contract consisting of eight (8) Lots for the provision of postal services and solutions to be utilised by Central Government Departments and all other UK Public Sector Bodies, including Local Authorities, Health, Police, Fire and Rescue, Education and Devolved Administrations. It is intended that this commercial agreement will be the recommended vehicle for all postal services and solutions required by UK Central Government.

This new Framework Contract replaces the existing Framework Contract (RM6017 Postal Goods, Services and Solutions) and includes services that will capture new technologies and innovations to support Buyers in adopting improved communications processes and transforming their mailroom operations to become more digital environments.

II.1.6) Information about lots

This contract is divided into lots: Yes

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £1,600,000,000

- 3) Approved Customer list
- 4) Transparency Agenda

On 02/04/2014, Government introduced its Government Security Classifications (GSC) scheme which replaced Government Protective Marking Scheme (GPMS). A key aspect is the reduction in the number of security classifications used. All bidders were required to make themselves aware of the changes as it may impact this requirement. This link provides information on the GSC at:

https://www.gov.uk/government/publications/government-security-classifications

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling personal information or provide certain ICT products/services. Government is taking steps to reduce the levels of cyber security risk in its supply chain through the Cyber Essentials

scheme. The scheme defines a set of controls which, when implemented, will provide organisations with basic protection from the most prevalent

forms of threat coming from the internet. To participate in this procurement, bidders were required to demonstrate they comply with the

technical requirements prescribed by Cyber Essentials, for services under and in connection with this procurement.
