Tender

Ground Stabilisation by Drilling & Grouting

The Coal Authority

F02: Contract notice

Notice identifier: 2023/S 000-031711

Procurement identifier (OCID): ocds-h6vhtk-03e170

Published 27 October 2023, 9:16am

Section I: Contracting authority

I.1) Name and addresses

The Coal Authority

200 Lichfield Lane

MANSFIELD

NG184RG

Contact

Roger Martin

Email

rogermartin@coal.gov.uk

Telephone

+44 1623637400

Country

United Kingdom

Region code

UKF15 - North Nottinghamshire

Justification for not providing organisation identifier

Not on any register

Internet address(es)

Main address

<https://www.gov.uk/government/organisations/the-coal-authority>

I.3) Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at

<https://inbye.coal.gov.uk/S2C/SignIn.aspx>

Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted electronically via

<https://inbye.coal.gov.uk/S2C/SignIn.aspx>

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Environment

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Ground Stabilisation by Drilling & Grouting

Reference number

CA18249

II.1.2) Main CPV code

- 45255500 - Drilling and exploration work

II.1.3) Type of contract

Works

II.1.4) Short description

The Coal Authority (Client) was established by act of Parliament to undertake specific statutory duties, set out in the Coal Industry Act 1994, associated with licensing coal mining operations; managing property and the historic legacy arising from the ownership of the coal reserves and underground workings; settling subsidence damage claims not falling on coal mine operators and providing access to coalmining information.

The Coal Authority has a legal duty under the Coal Mining Subsidence Act 1991, to repair properties damaged by coal mining subsidence in the five coalfield regions. The works are funded by grant in aid from central government, in order that the Coal Authority can discharge its statutory duty.

The Coal Authority employs over 300 people, based mainly at the head office in Mansfield with some field staff remotely based in order to enable a fast response to incidents in the coal mining areas.

The Coal Authority is funded by grant in aid from the Department of Energy Security and Net Zero (DESNZ)

The Coal Authority has a requirement to retender the current Drilling and Grouting Framework which will expire on the 1st of March 2024

The new Framework will comprise of three Lots with the following lot structure.

Tenderers may price for all Lots or the Lots of their choice.

Lot One: Drilling and Grouting with unobstructed open access equipment

Lot Two: Drilling with restricted height / restricted access equipment

Lot Three: Drilling and Solution Grouting with restricted height / restricted access equipment

The works for this Framework will mostly be based over the UK Coalfields and the three Lots are further broken down into the following five regions.

- Region 1 - Scotland East and West
- Region 2 - Cumbria / Northumberland / Co.Durham / Durham / Sunderland / Newcastle
- Region 3 - North Wales / Cheshire / Lancashire / Merseyside / North Yorkshire / West Yorkshire
- Region 4 - South Yorkshire / Nottinghamshire / Derbyshire / Leicestershire / Staffordshire / Shropshire / West Midlands / Warwickshire / Herefordshire / Worcestershire
- Region 5 - Somerset / South Gloucestershire / Bristol / South Wales / Pembrokeshire / North Gloucestershire (Forest of Dean)

II.1.5) Estimated total value

Value excluding VAT: £9,750,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Drilling & Grouting with unobstructed Open Access Equipment

Lot No

1

II.2.2) Additional CPV code(s)

- 24951110 - Drilling mud
- 43124900 - Rock-drilling equipment
- 43130000 - Drilling equipment
- 45262210 - Foundation work
- 45262300 - Concrete work
- 45262340 - Grouting work

II.2.3) Place of performance

NUTS codes

- UKC - North East (England)
- UKD - North West (England)
- UKE - Yorkshire and the Humber
- UKF - East Midlands (England)
- UKG - West Midlands (England)
- UKJ - South East (England)
- UKK - South West (England)
- UKL - Wales
- UKM - Scotland

Main site or place of performance

The works required under this framework will be located throughout the British coalfield areas which are split across the following five regions.

- Region 1 - Scotland East and West
- Region 2 - Cumbria / Northumberland/ Co. Durham / Durham / Sunderland /Newcastle
- Region 3 - North Wales / Cheshire /Lancashire / Merseyside / North Yorkshire / West Yorkshire

Region 4 - South Yorkshire /Nottinghamshire / Derbyshire /Leicestershire / Staffordshire
/Shropshire / West Midlands

/Warwickshire/Herefordshire/Worcestershire

• Region 5 - Somerset / South Gloucestershire / Bristol / South Wales/ Pembrokeshire / North Gloucestershire (Forest of Dean)

These regions correspond with the UK Coal Fields. There may also be requirement for Ground Investigation within Mid Wales for examination of Metal mining fields.

II.2.4) Description of the procurement

The Framework Scope is for the Provision of Drilling and Grouting Works.

This will include drilling into ground which has been impacted by Mining related subsidence of instabilities. This work will be in both open space such as fields or roads as well as in more restricted areas such as within the boundaries of properties.

Further, the work will involve the stabilisation of the impacted ground via Cementitious based Suspension Grouts or Resin based Solution Grouts.

A typical call off work order will involve the establishment of a secure construction site and setting up a drilling rig followed by a programme of works to provide an Engineered solution which restores the impacted area to use and resolves the Public Safety hazard which Mining related subsidence poses.

II.2.5) Award criteria

Quality criterion - Name: Technical Assessment / Weighting: 40%

Quality criterion - Name: Social Value / Weighting: 10%

Quality criterion - Name: Sustainability / Weighting: 5%

Quality criterion - Name: Fraud Prevention / Weighting: 5%

Cost criterion - Name: Price List / Weighting: 30%

Cost criterion - Name: Scenario / Weighting: 10

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2) Description

II.2.1) Title

Drilling with Restricted Height / Restricted Access Equipment

Lot No

2

II.2.2) Additional CPV code(s)

- 24951110 - Drilling mud
- 43124900 - Rock-drilling equipment
- 43130000 - Drilling equipment
- 45262210 - Foundation work
- 45262300 - Concrete work
- 45262340 - Grouting work

II.2.3) Place of performance

NUTS codes

- UKC - North East (England)
- UKD - North West (England)

- UKE - Yorkshire and the Humber
- UKF - East Midlands (England)
- UKG - West Midlands (England)
- UKK - South West (England)
- UKL - Wales
- UKM - Scotland

Main site or place of performance

The works required under this framework will be located throughout the British coalfield areas which are split across the following five regions.

- Region 1 - Scotland East and West
- Region 2 - Cumbria / Northumberland/ Co. Durham / Durham / Sunderland /Newcastle
- Region 3 - North Wales / Cheshire /Lancashire / Merseyside / North Yorkshire / West Yorkshire
- Region 4 - South Yorkshire /Nottinghamshire / Derbyshire /Leicestershire / Staffordshire /Shropshire / West Midlands /Warwickshire/Herefordshire/Worcestershire
- Region 5 - Somerset / South Gloucestershire / Bristol / South Wales/ Pembrokeshire / North Gloucestershire (Forest of Dean)

These regions correspond with the UK Coal Fields. There may also be an occasional requirement for Ground Stabilisation within Mid Wales for incidents relating to disused Metal mines.

II.2.4) Description of the procurement

The Framework Scope is for the Provision of Drilling and Grouting Works.

This will include drilling into ground which has been impacted by Mining related subsidence of instabilities. This work will be in both open space such as fields or roads as well as in more restricted areas such as within the boundaries of properties.

Further, the work will involve the stabilisation of the impacted ground via Cementitious

based Suspension Grouts or Resin based Solution Grouts.

A typical call off work order will involve the establishment of a secure construction site and setting up a drilling rig followed by a programme of works to provide an Engineered solution which restores the impacted area to use and resolves the Public Safety hazard which Mining related subsidence poses.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with a single operator

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2023/S 000-020069](#)

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

4 December 2023

Local time

4:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.7) Conditions for opening of tenders

Date

5 December 2023

Local time

8:00am

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.4) Procedures for review

VI.4.1) Review body
