## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Work Placement Software Package

Reference number

UOB/GEN535/2021/11

#### **II.1.2) Main CPV code**

- 48100000 - Industry specific software package

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

1.1 The University is looking for a work placement software system. This type of placement allocation software is needed to allocate learners to suitable placements in healthcare settings and is crucial to ensure that the learners can experience working in a range of clinical settings and become proficient in all areas of their practice. The aim is to secure placement allocation solution that our practice partners can also access, to enhance the allocation of learners. This software will ensure that learners and practice partners can plan their placement experience over the duration of their studies, so enhancing the student experience. The software solution will assist in the planning, managing and auditing of this key aspect of learner education.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

### **II.2) Description**

#### **II.2.2) Additional CPV code(s)**

- 48000000 - Software package and information systems

### **II.2.3) Place of performance**

NUTS codes

- UKH - East of England

### **II.2.4) Description of the procurement**

1.1 The University is looking for a work placement software system. This type of placement allocation software is needed to allocate learners to suitable placements in healthcare settings and is crucial to ensure that the learners can experience working in a range of clinical settings and become proficient in all areas of their practice. The aim is to secure placement allocation solution that our practice partners can also access, to enhance the allocation of learners. This software will ensure that learners and practice partners can plan their placement experience over the duration of their studies, so enhancing the student experience. The software solution will assist in the planning, managing and auditing of this key aspect of learner education.
