Individual grants are available to become a Maths Hub Lead School for: the Great North Maths Hub and, separately, SHaW Maths Hub.

The indicative value of each individual grant is up to £870,000.00. The actual value is dependent on fixed and variable costs based on actual hub delivery expenditure.

Maths Hubs are led by one Lead School, College or Trust that is held accountable for the Maths Hub activity funded by the Department for Education through a Grant Funding Agreement. More information about the Maths Hubs Programme can be found on the NCETM website, including more information about individual hubs.

Following eight successful years of leading a Maths Hub, two of our Maths Hub Lead Schools are stepping down from the role at the end of academic year 2022/23. The Department is undertaking a competitive grant process to appoint and fund two new accountable entities (lead school, college or Trust) for the following Maths Hubs:

Great North Maths Hub (covering Gateshead; Newcastle upon Tyne; North Tyneside; Northumberland; South Tyneside; Sunderland local authorities)

ShaW Maths Hub (covering Herefordshire; Shropshire; Telford and Wrekin; Wolverhampton)

The successful applicant must have an eligible named school or college located in one of the local authority districts listed above for the hub.

Information Sessions will provide the opportunity for you to hear about the service requirement, the bidding process and for you to submit questions. The sessions will be led by the National Centre for Excellence in the Teaching of Mathematics (NCETM) on 17 November 2022.

Full details and event invitations will be issued automatically upon expression of interest in the opportunity via the Jaggaer Portal. ### **II.2.4) Description of the procurement**

Leading a Maths Hub is a significant and demanding system leadership role, which has the opportunity to enhance the teaching of mathematics education in your local area. By fostering a culture of collaboration and support between teachers of maths, both within their own schools and schools in the local area, the Maths Hub programme has been paving the way as an outstanding demonstration of how high-quality professional development can improve pupil outcomes and teacher satisfaction.

Now, more than ever, schools need support and guidance to get children's education back on track following unprecedented disruption because of the Coronavirus pandemic. As a Lead School, College or Trust running a Maths Hub you will have the opportunity to be part of this effort as a national network of schools which are transforming mathematics

education and changing the lives of children across England.

Each Maths Hub is open to working with any school or college, from Reception through to post-16, within the broad geographical area that it covers. The hubs draw on the expertise of local leaders of mathematics education across their area and the support of strategic partners including Teaching School Hubs, universities, maths experts and employers.

The new Lead School will be expected to continue and build upon the successful work of the previous lead. The brand of Great North Maths Hub and ShaW Maths Hub are well established in their local area, it is expected that the Maths Hub brand will remain the same to provide continuity for the schools being supported by the hub.

If the Maths Hub Programme continues into Academic Year 2024/25 and beyond the new Lead School will continue to retain the role of Maths Hub Lead School until they either (a) become ineligible or (b) a change in the Department's policy for Maths Hubs.

When the new Lead Schools are appointed in January, there will be a two-term hand over during spring and summer 2023 where the new Lead Schools will receive information on all the responsibilities and part take in meetings up until they solely become the new accountable Lead School in September 2023.

Information Sessions will provide the opportunity for you to hear about the service requirement, the bidding process and for you to submit questions. The sessions will be led by the National Centre for Excellence in the Teaching of Mathematics (NCETM) on 17 November 2022.

You are invited to attend a Zoom facilitated Information Session led by the National Centre for Excellence in the Teaching of Mathematics (NCETM) on 17 November at:

- 09:30-11:00 for NE1
- 14:30-16:00 for WM2

To register your attendance and receive dial-in details, please email [mathshubs@ncetm.org.uk](mailto:mathshubs@ncetm.org.uk) by 12pm Noon, 16 November. Please state which briefing, give details of who will be attending, and put "New Lead School briefing" in the subject line. Invites are limited to two individuals from each organisation. Attendance at the webinar is not mandatory and for Potential Bidders that are not able to attend, the slides and Q&A log will be circulated via the messaging facility on the Jaggaer eSourcing Portal following the briefing.
