Text

UKHSA intends to establish the DPS to help fulfil its requirement for the ongoing supply of additional Lateral Flow Testing and Polymerase Chain Reaction Kits .UKHSA is therefore seeking applications from potential providers to be admitted to the DPS. UKHSA envisages that the DPS will be divided into the categories of products (Lots) with differential characteristics (more fully described in the Specifications). UKHSA currently intends to run multiple procurements within the DPS to seek tenders from those providers that have qualified onto the DPS and whose kits fall within one or more of the relevant lots.
