Main site or place of performance

Belfast Health and Social Care Trust

II.2.4) Description of the procurement

Procurement of products for HLA Typing of DNA Samples Services

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

No other reasonable alternative exists for this procurement and this service is critical to patient care and service delivery. This procurement is both essential and critical in supporting the long-term/optimum graft survival of renal transplant patients.

A replacement in the short-term is not a reasonable alternative as it would require extensive and robust validation and verification work in line with laboratory accreditation standards - UKAS ISO15189 that would result in significant disruption and disproportionate technical difficulties that would significantly impact on patient safety and the Trusts ability to deliver services. A new contract 4535237 has been awarded and the equipment is currently undergoing validation, this DAC is required to ensure service continuity until full implementation of the contract.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
